Council Okays Resolution Calling for Two Underpasses

AIR FORCE WILL SHOOT FOR MOON

Suggests Geneva Site

Ike Proposes July 1 Start of Nuclear Talk

WASHINGTON (AP) — President Eisenhower today proposed to Soviet Premier Nikita S. Khrushchev that technical talks begin July 1 in Geneva on methods of policing any possible future ban on nuclear tests.

The White House made public a letter from the President stating that the Swiss government has agreed to the Geneva site which Eisenhower said would be preferable to Moscow.

Khrushchev, in agreeing to such talks, had suggested they be held in his own capital.

Eisenhower told the Russian Premier this government would not object to the inclusion of experts from Czechoslovakia and Poland on the Soviet side.

The Western Powers participating, he said, would be the United Kingdom, France, and possibly other countries in addition to the United States.

Russia Won't Object

Eisenhower noted that Khrushchev has indicated the Soviet Union would not object to the inclusion of additional Western nations having experts in the field of nuclear test detection.

With respect to neutrals, Eisenhower told the Soviet Premier that "We have no objection in principle to their joining later in the discussions if it is agreed during the course of the talks that this is necessary or useful."

That might let such countries as India into the talks.

Eisenhower suggested that provision should be made for the talks to continue slightly longer than the three or four weeks which Khrushchev had suggested.

No Commitments

The presidential letter said: "These talks would be undertaken without commitment as to the final decision on the relationship of nuclear test suspension to other more important disarmament measures I have proposed."

Eisenhower's letter proposed that further details for the meeting be handled through normal diplomatic channels, thus terminating the top-level exchange of notes.

British Prime Minister Harold Macmillan, here to confer with Eisenhower, had been informed of the contents of the reply.

Dulles Says Posts Needed In Red China

Australia and Sahara Checks Are Vital Also To Inspection System

WASHINGTON (AP) — Secretary of State Dulles said today the United States probably would want international inspection posts within Communist China as well as elsewhere to police any agreement to ban nuclear weapons tests.

U.S. scientific experts have advised him that an adequate system to supervise test suspension would have to cover such areas as Communist China, Australia and the Sahara desert, Dulles told a news conference.

The meeting with newsmen came within an hour of the release of a letter from President Eisenhower to Soviet Premier Nikita S. Khrushchev proposing that technical talks on how to police a test ban begin July 1 in Geneva.

Scientists from the United States, the Soviet Union and four other nations would take part in the talks under arrangements apparently nearing final agreement.

The other four would be Britain and France on the Western side and Czechoslovakia and Poland on the Soviet side.

Dulles said he had conferred with the experts who would represent this country at Geneva, all top-flight physicists, and told them their job was completely technical and not in any way political. The experts are Dr. Ernest O. Lawrence of the University of California; Dr. James Brown Fisk of Bell Telephone Laboratories and Dr. Robert F. Bacher of California Institute of Technology.

Dulles also told his news conference:

1. The United States will deal with anybody—including Communist East Germany—to obtain freedom for Americans who have been in a sense kidnaped. This was his answer when he was asked whether he would negotiate with the Red government in East Germany over the crew and passengers of a U. S. helicopter which

Auto Industry Parleys Continue To Mark Time

DETROIT (AP)—The auto companies and the United Auto Workers Union appeared today to have adopted a wait-and-see attitude in their negotiations on new contracts.

The union scheduled bargaining sessions again at General Motors, Ford and Chrysler. No progress was reported from talks at all three companies Monday.

The union indicated it was waiting for the companies to come up with some kind of an offer. The companies seemed to be in no hurry to make one.

Operations were described as normal Monday at plants of all three companies as the industry moved into its second week of producing cars without contracts to cover 500,000 workers.

Move Made In Attempt to Assure Help

Declares City's Intent To Build When the Funds Are Available

Marion intends to build railroad underpasses on N. State and N. Prospect streets with state financial aid as soon as financial conditions permit.

Such was the declaration of City Council at its regular meeting in City Hall Monday night as it voted 7-2 to adopt a resolution of intent to build underpasses with the cooperation of the state highway department.

Recess Asked

The vote came after brief discussion interrupted by a 15-minute recess asked by Thomas Fetter (D-at-large) after Mrs. Norma Jacob (D-5th) moved that the resolution be sent to committee for study.

Both she and Ralph Williams (R-4th), chairman of the streets and alleys committee, who seconded her motion, said their committee had never studied it.

Richard Lister (R-at large) said that a motion adopted 6-2 at the last council meeting was to direct the committee to order the legislation prepared for council consideration. After the recess, she and Mr. Williams withdrew their motion.

Council President Fred Baldauf spoke in favor of adoption of the resolution. He said it was only a declaration of intent and could do no harm. He said also that before the underpasses could be built the electorate would have to vote on a bond issue.

Not Legally Binding

Solicitor Riley Hall said this would depend on whether it were to be done by a voted bond issue. He said other projects in the city have been undertaken by bond issues approved by council without a vote of the electorate.

Mr. Hall also told council that the resolution of intent could not legally bind either the present council or some future council.

Arguing in favor of adoption of the resolution, Mr. Lister said that while it was not binding, it would serve to fulfill a requirement of the state highway department. This would help make the city eligible for state financial aid in establishing a one-way street system as recommended in the Browne, Roberts and Associates arterial highway plan for the city, he said.

Favors Adoption

Once the one-way streets are completed, Mr. Lister said he felt certain the people of Marion would be convinced that existing grade crossings are a traffic bottleneck and will vote to eliminate them.

"I take exception to that," said Ralph Williams (R-4th), referring to Mr. Lister's statement the grade crossings are a bottleneck to traffic.

Also speaking for adoption of the resolution was Harold Smith (D-at large). He said, "As I see it, it can't hurt anything for council to take the time to vote on the reso-

August Date Set for First Of 3 Firings

September, October Set for Second and Third 'Lunar Probe'

MILWAUKEE (AP) — Lt. Gen. S. E. Anderson, director of Air Research and Development Command, said today that the Air Force will "shoot for the moon" in August.

Anderson said in an interview that the Air Force would fire three "lunar probes" this year. The others are scheduled for September and October, he added.

Won't Disclose Size

He declined to disclose the size or weight of the payload the Air Force hopes to deliver. It will not be instrumented and will be intended simply to crash on the moon, he said, giving "some indication" of its arrival.

Three stage rockets whose main power plants at takeoff will be modified Thor missiles will propel the projectiles over a 278,000 mile course to the moon in two and one-half days, Gen. Anderson said.

The vehicles will be modifications of military missiles, he added.

The Thor is a 1,500 mile range weapon. At least 13 have been test fired and of these at least five have been successful.

Gen. Anderson said that even if the rockets miss the moon, they will become "real interesting scientific satellites" because their eliptical orbits will carry them far out into space and possibly around the moon and earth in a sort of figure eight.

Will Fire Atlas, Too

Anderson said the first attempt to fire an Atlas over its full designed range of 6,000 miles also would be made in August. "We have fired the last" of the overweight, heavily instrumented a series intended for engine tests of the Atlas, he said.

An Atlas missile, or a Thor with appropriate later stages, would be capable of hoisting in to orbit a 3,000-pound artificial satellie like the Soviet Sputnik III, Anderson said.

Given sufficient funds, the United States could be second to nobody in space, he declared, adding: "We are doing about 40 per cent of what we think we should be doing."

Anderson was in Milwaukee to confer with technicians at the AC spark plug division of General Motors where the gyroscopic guidance system for the military version of the Thor is built.

Board Okays Addition for Local School

N. Main St. Building Will Help Alleviate Pupil Overcrowding

The Marion City Board of Education Monday night authorized Supt. Robert S. Brown to initiate plans for building an addition to N. Main St. School.

The resolution approving the action included a stipulation that the local architectural firm of Edwards and Burris be requested to submit preliminary plans and cost estimates for an addition containing from two to four classrooms and an all-purpose room.

Inexpensive Structure

Both the board and the superintendent agreed that the addition should be an inexpensive structure. Money to finance the facility will come from a $156,000 construction fund.

Citing the addition as one of the most pressing needs to meet increasing enrollments, particularly in the northern section of the city, Mr. Brown said it could help to alleviate crowding not only in N. Main St. classrooms, but in Oak St. and Mark St. as well.

Classroom Planned

A room at N. Main St. which has been used for physical education classes and PTA meetings is being converted into a classroom for use this fall, the superintendent told the board. This was the last available room in the building.

Some sixth grade students from that school as well as others from the north side of the city will form another class at Taft Junior High School, bringing the total of overflow classes there to three in the fall, he said.

The board will not decide on the number of classrooms in the addition until after drawings have been submitted and cost estimates made. The multi-purpose room, according to present plans, would accommodate PTA meetings, both for N. Main and Oak St. buildings, physical education activity and possibly a lunchroom.

Proceeding with an addition to the school was one of several building recommendations made by the Ohio State University Bureau of Education and Research

Cold War Studied By Ike, Macmillan

WASHINGTON (AP) — President Eisenhower and British Prime Minister Harold Macmillan switch today from cold war problems to the ceremonials of a college graduation.

They attend commencement at Johns Hopkins University, headed by the President's brother, Dr. Milton S. Eisenhower. Macmillan will speak after being introduced by the President.

Hold Guarded Talk

Eisenhower and Macmillan held a guarded private conference Monday in the White House Cabinet Room.

It lasted 2½ hours and ranged widely through cold war issues.

Macmillan confers again with Eisenhower at a White House dinner tonight, following an afternoon conference with Secretary Dulles at the State Department.

Dulles and other top U.S. figures among them Chairman Lewis L. Strauss of the Atomic Energy Commission and Chairman Nathan Twining of the Joint Chiefs of Staff, sat in on Monday's White House talks. Also present were such top British officials as Sir Edwin Plowden, chief of Britain's atomic effort, and Sir Norman Brook, secretary of the British cabinet.

Macmillan Cheerful

Macmillan was in gay spirits Monday, but he steadfastly refused to tell newsmen more than "We had a very nice talk about every subject under the sun."

Eisenhower's version, as relayed to reporters by Presidential

Heavy Rains Fill Streams, Scioto Rising

Heavy rains over the weekend period and continuing during the last 24 hours have caused rivers and streams to rise in central Ohio as well as some points north of the central area.

The Weather Bureau reported the Scioto River rising because of the rains with some minor flooding of farmlands expected. At LaRue the river is expected to crest at 12 or 13 feet. Flood stage is 11 feet.

At Circleville the river is expected to crest at 15 feet, a foot above flood stage.

In the 24 hours before 7 a.m. Tuesday, the heaviest rainfall was recorded at Delaware Dam in Delaware County at 2.95 inches. Other spots of heavy rainfall were Kenton, 2.3; Marion 2.49; Prospect 2.4; Dayton 2.25 and Newark, 2.26. Springfield recorded 4.26 inches of rain in a 49-hour period which ended at 10 a.m. Sunday. Youngstown recorded .7 of an inch of rainfall in the 24-hour period, Akron .58, Cleveland .3 and Toledo .44.

The heavy rains which struck in the Sidney area caused Lake Loramie, 11 miles northwest of Sidney, to overflow its banks, and inconvenienced residents of Versailles in Darke County 20 miles west of Sidney.

Rebels Balk On Program Of De Gaulle

Algerian Insurgents Spurn Order To Get Out of Government

ALGIERS (AP)—The insurgent Committee of Public Safety rebelled today against Premier de Gaulle's orders to get out of government.

The committee issued a communique opposing De Gaulle's plans for local elections in Algeria within one month and demanded an end to the present system of political parties in France.

Approved by Salan

The communique was issued with the notation that it had been approved by Gen. Raoul Salan, who was given full civil and military powers in Algeria by De Gaulle.

De Gaulle last Friday, on a dramatic trip here, called for the committees to turn their efforts toward unifying the Arab-Berber and European populations in Algeria.

The committee seized control in this North African territory May 13 and demanded De Gaulle be returned to power in France. Some committee members soured on De Gaulle, however, when he ignored the insurgents in forming a Cabinet.

Demands Sweeping Changes

Instead, De Gaulle called in many of the leaders of the political factions dividing France.

The 72-man committee also demanded sweeping changes in the administration of Algeria to elimi-

'Little by Little' Policy Urged On Peace Bid

BALTIMORE (AP) — British Prime Minister Harold Macmillan called today for a start toward building world peace through a "little by little" approach to discarding all big weapons—atomic and others.

Macmillan's speech was delivered at commencement exercises at Johns Hopkins University, where President Eisenhower was to introduce him as "a great free world leader." Both were given honorary degrees by the school.

Macmillan said the Western world alliance has served its purpose well and must be continued as a shield against Communist aggression.

"But I am not without hope,"

Plumley Gets Contract for Street Project

A decision to award a contract for improvements of Seminole and Mandana avenues to Plumley Contractors of 840 Cheney Ave. was reached in a meeting of city and school officials this morning.

Mayor Wendell L. Strong said contracts are to be signed late this afternoon.

Starting date for the construction and the completion date was not determined this morning but hopes are the improvements will be completed and the streets ready for use prior to the start of classes in the fall, the mayor said.

The projects are to repave and widen the two streets and construct concrete curbs and gutters adjacent to the Harding High School property.

Plumley submitted the low bids for each project. The bid on the Mandana Ave. project was $26,893 and for Seminole it was $23,941.

Bids on the two projects were opened June 2 along with bids on three other street improvement projects. Contracts still are to be awarded for the projects on Underwood Ave., Reed Ave. and Uhler Rd.

At Next Meeting

Move To Override Veto On Sewers Set June 23

A move to override vetoes by Mayor Wendell L. Strong of four pieces of sewer legislation will be undertaken at the next regular meeting of City Council on June 23.

This was announced by Richard Lister (R-at large), sewer committee chairman, at the council meeting held Monday night in City Hall.

He said the committee previously planned to call a special meeting to vote on overriding the vetoes but had determined such a meeting could not be called until Friday, June 20, just three days prior to the regular meeting.

According to law, council may not reconsider vetoed legislation until 10 days after it officially receives the vetoes and the mayor's objections.

These were read to council last night by President Fred Baldauf. The mayor opposed using any of the existing sewer bond issue funds for extension of the Forest Lawn Dr. sewer south to the city limits. He also objected to a proposed tapping fee rate in lieu of assessments for abutting properties along the extension.

The four pieces of legislation, passed unanimously by council May 26, declared the Forest Lawn extension necessary and authorized the safety-service director to advertise for bids and sign contracts for the project, authorized the safety-service director to sign a contract with Sewer District 1 for suburban sewer service and established tapping fees in lieu of assessments for the Forest Lawn Dr. properties.

Favors Stronger Senate

De Gaulle's Views Aired On Government Reform

PARIS (AP) — Premier de Gaulle reportedly favors cutting the French Parliament in two, with a weakened National Assembly for continental France alone and a more powerful Senate for all of the French union.

De Gaulle won the power last week to draft a virtually new constitution for France and submit it directly to the voters. He is known to favor making the Senate the strong body and limiting the Assembly's power—the opposite of the present French system.

Discuss Views

He discussed his views on constitutional reform with a delegation of the French Catholic Union of Christians today. He assured them he wanted workers to have a larger voice in the legislative system, Secretary General George Levard reported.

As De Gaulle talked with workers' representatives, his government announced that wholesale prices continued the inflationary rise which is one of his main problems, with food prices rising 8.8 per cent in May.

U. S. Ambassador Calls

Economic affairs were the topic of one Cabinet meeting which De Gaulle called.

Paris buzzed with rumors that a meeting of De Gaulle, President Eisenhower and British Prime Minister Macmillan was in the offing, but diplomats generally discounted them. The rumors were touched off when U.S. Ambassador Amory Houghton called

New Job Created

Bowers, May Elevated In State Education Posts

COLUMBUS, Ohio (AP) — The job is new, but the man who's taking it is a veteran.

The new post is assistant state superintendent in charge of instruction. The State Board of Education created it Monday at the recommendation of Dr. E. E. Holt, state superintendent of public instruction.

Appointed to the job was Harold J. Bowers, 53, a career man who has been with the State Department of Education for 22 years. During that time, he has been director of teacher education and certification, working out of Ashville in Pickaway County.

Before that, Bowers was a teacher and administrator in Pickaway County schools. He is a former president of the National Assn. of State Directors of Teacher Education and Certification.

Getting $5,000 Increase

He'll get $5,000 more a year in the new job, moving up to a $14,000 annual salary. And he'll have charge of all public instruction in the state.

Bowers' assistant, Albert C. May, moves into a $9,000-a-year job as state education and certification director. May joined the department in January. He has been a principal in the Steubenville, Marion and Martins Ferry school systems.

Other decisions that came out of the board meeting included:

Assignment of Kent State University to make a school district reorganization study requested by Fayette County. No contract has been signed.

Acceptance of the resignations of Ray G. Wood, director of the Division of Ohio Scholarship Tests for 26 years,and Marlow B. Perrin, director of the Bureau of Vocational Rehabilitation. Edward J. Moriarty was appointed to the latter post.

Granting of authority to superintendents of county, city and exempted village school boards to excuse students when emergencies arise at home. This generally has been in effect, but is now spelled out at the local level.

Hearing on Standards

Setting a public hearing on standards for colleges and universities offering the arts and sciences degree for the first time. It will be July 14 (1 p.m. EST) in Columbus.

Rewnewing regulations governing payment of state funds to school districts for purchase of buses.

Taking further steps to create one new school district out of the territory contained in Risingsun and Montgomery local districts (Wood County), Jackson, Rollersville and Helena locals (Sandusky) and Jackson - Liberty (Seneca). Local boards must still be offered a chance to object, and a special meeting on July 15 (10 a.m. EST) is scheduled to hear any requests for modification. The issue will be voted on in November.

Okays Crawford Transfer

Approved transfer of 300 acres from Crawford County's Mount Zion local to Bucyrus City District (still to go on the November ballot).

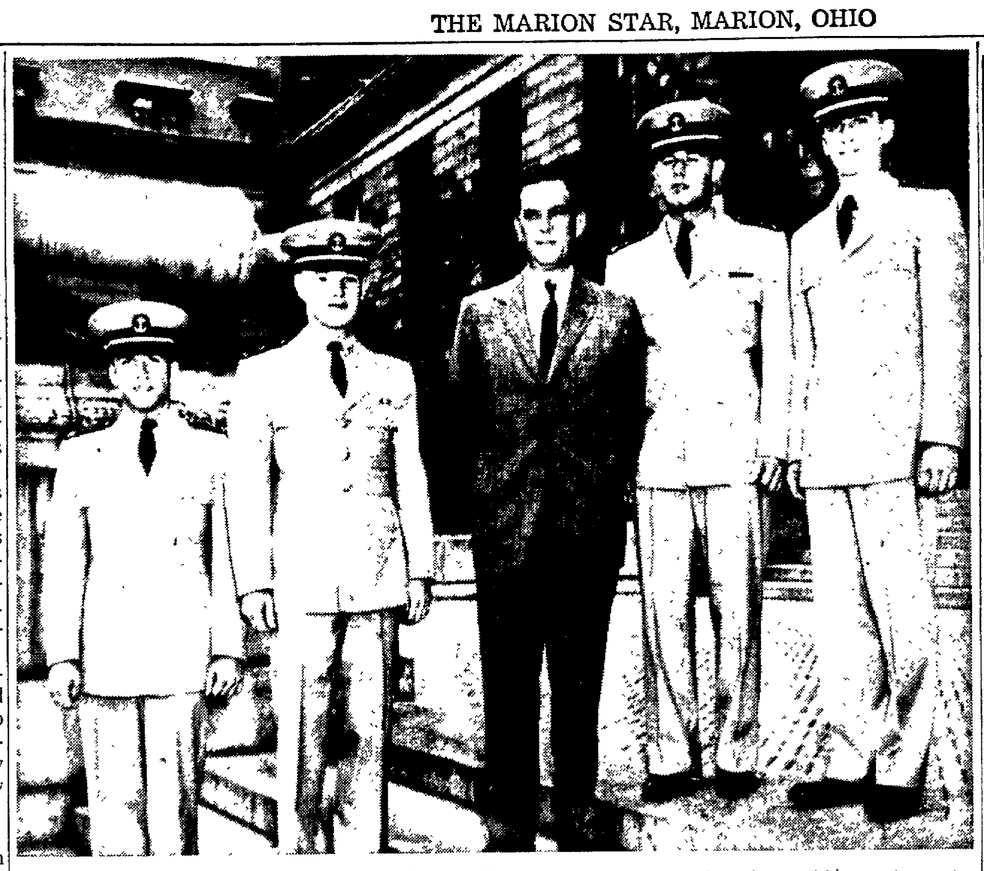
Disapproved transfer of a portion of Portsmouth City School District to Scioto County's Wheelerburg local.

Asked the state superintendent to determine if there should be a countywide survey of school districts in Columbiana County.

Suggested a new school district in Noble County, made up of seven local boards and the exempted village of Caldwell.

Granted requests for charters from Paint Valley Local High School (a consolidation) and Dalton Local High School (the new name for the former Sugar Creek Rural School).

Received a letter from the Sandusky County Board of Education asking for a school district reorganization study in the county. The letter said the study should involve three school boards—Riley, York and Townsend.



BETTS VISITS MIDSHIPMEN. Eighth District Rep. Jackson E. Betts chats here with area boys at the U.S. Naval Academy in Annapolis, Md. They are (left to right): Duane Stratton of Findlay, John Kennard of Green Camp, Henry Rinnert of Marion and William Humphrey of Findlay. Rep. Betts reported during his recent visit that all were doing well in their studies and appeared to be in top physical condition. Mr. Betts said he made the trip to the academy "just to say hello to the boys and to see how they were getting along."

Saves Own Child

OKLAHOMA CITY (AP)—John Eddleman, Oklahoma highway patrolman, was given a routine assignment—rush a child who had swallowed poison from Lindsay to Oklahoma City. The child turned out to be Eddleman's 13-month-old daughter, Nancy. He made the 60 mile trip in 45 minutes. Nancy, who got into some roach poison, was reported in excellent condition.

Cleveland Student Goes Far To Pay $12 Speeding Fine

STRATFORD, Conn. (AP) — A Yale student from Cleveland, Ohio, has traveled several hundred miles to pay a $12 speeding fine.

The student, Richard S. Fields, 21, was arrested on the Merritt Parkway May 22 and charged with speeding. With the understanding his fine would be $18, he posted $36 bond—the remaing $18 to be forwarded to him.

However, Chief Justice Edward J. Daly of the Connecticut Supreme Court ruled in the meantime that all motor vehicle cases had to be tried in open court. Town courts previously accepted bond forfeitures instead of actual court appearances in certain motor vehicle cases.

Prosecutor Edward McPadden notified Fields of the court's ruling and warned him of the possibility of being extradited from Ohio.

Fields, at home on vacation from his studies at Yale in New Haven, Conn., traveled to Stratford Monday by plane and train. At a special session of Stratford Town Court, he pleaded guilty to the charge and paid his fine.

Held for Grand Jury

NEWARK, Ohio (AP)—A Buckeye Lake man, James Franklin Wolf, 22, has been bound over to the grand jury in the death of Herbert Mechlin, 39, of Columbus. Wolf pleaded innocent to a charge of first-degree manslaughter in Municipal Court here Monday. An autopsy indicated Mechlin died from hemorrhages after a fight near Wolf's trailer Friday.

Playing Cowboy

MARIETTA, Okla. (AP)—Highway patrolman Gilbert Duggan arrested a speeder and found the motorist, Martin J. Gutierros, 21, of Caracas, Venezuela, a student at the University of Tulsa, armed with a filled gun belt, a loaded .38 caliber pistol and a 30-30 rifle. Gutierros smilingly explained: "I was playing cowboy."

3 Missing Toledo Men Are Believed Drowned

PORT CLINTON, Ohio (AP)—Three Toledo men, whose capsized boat was found about six miles out in Lake Erie west of here, were listed as possible drowning victims today.

The men—Paul Stubblefield, 40, father of 10 children; Walter Griffin, 50, and his stepson, Kenneth Corks, 21 — have been missing since they left Sand Beach in a 14-foot outboard on a fishing trip Sunday afternoon.

Their capsized craft was found by two boats from the Port Clinton Fish Co. Monday night after Coast Guardmen from Marblehead, Toledo and Sandusky had searched most of the day for some sign of the men.

Services Too Noisy

MOUNT CLEMENS, Mich. (AP)—Three Tabernacle men must stand trial on neighbors' complaints over cymbal clanging and horn blowing. The Rev. David Norcross, 30, of Bethany Tabernacle Assembly of God, and James W. Weaver, 22, and Roy L. Weaver, 25, Tabernacle evangelists, are charged with disorderly conduct in conducting their services.

Suslov Fades From Scene

Top Khrushchev Rival Believed on His Way Out

By THOMAS P. WHITNEY
AP Foreign News Analyst

Signs from Moscow indicate that Nikita Khrushchev may have pulled the rug out from under his chief Kremlin rival Mikhail Suslov preparatory to purging him.

Suslov is a secretary of the Soviet Communist party's Central Committee outranked only by First Secretary Khrushchev himself. He is also a member of the Presidium of the Central Committee, the group of top committee members which wields the real power.

At least until recently he headed all the propaganda and cultural work of the Kremlin, was a leading party theoretician and had charge of the Kremlin's relations with foreign Communist parties.

Some evidence indicates that Suslov on occasion has managed with some success to organize opposition in the Central Committee to policies of Khrushchev.

The signs that Suslov may be on the way out are too clear to be missed:

1. He has been absent from public appearances of the Kremlin leadership since May 16.

2. Particularly important was Suslov's absence from the recent Communist summit meeting, which demonstrated beyond any doubt that he had been removed from his former task of conducting relations with foreign Communist parties.

3. On May 17 it became known that the head of the Central Committee's Section on Propaganda and Agitation, F. V. Konstantinov, had been replaced by L. F. Ilyichev. Since this was the key Central Committee section under Suslov and Konstantinov was Suslov's protege, this indicated a fall in Suslov's authority.

4. Khrushchev, speaking in Bulgaria June 3, made an all-out attack on theoreticians and an equally vigorous defense of the practical politicians. Ostensibly the vitriolic condemnation of empty theoreticians was directed at Yugoslav President Tito. But the real target may have been Suslov, the theoretician, as contrasted with Khrushchev, the practical politician.

5. The Central Committee on June 8 took the seemingly unnecessary step of rehabilitating the already rehabilitated leading composers — Dmitri Shostakovich, Aram Khachaturian and others—who were attacked as formalists in February 1948. This may well be a veiled attack on Suslov, since Suslov under Andrei Zhdanov was largely responsible in 1948 for the implementation of Stalin's policy of putting Soviet creative artists in a steel vise of Communist party control.

EXPRESSWAY GROUND BROKEN. Groundbreaking ceremonies for the Cincinnati-Dayton Expressway (US 25), part of Cincinnati-Toledo throughway, were held at Bethany Monday, with Gov. C. William O'Neill setting off the blast. Pictured (left to right) are Mayor R. W. Patterson of Dayton, Joseph Hall of Cincinnati, Gov. O'Neill and Mayor Donald Clancy of Cincinnati. Two Resignations Are Accepted by Board at Pleasant

The Pleasant Board of Education Monday night accepted resignations from Miss Esther Williamson, high school principal, and Donald Caudill, elementary teacher. Miss Williamson will remain at the school as an English teacher.

Mrs. Jeannette Patterson, who has been serving as part-time elementary principal, was employed on a full-time basis. The board also re-employed Mrs. Eloise Gallant as elementary teacher for one year and employed Stanley Kirby, head coach, as summer playground supervisor.

Also re-employed were Mrs. Martha Howald, secretary; Mrs. Barbara Seiter, assistant secretary; five of the six school cooks and the three regular custodians. The custodians were authorized to attend the custodian school at Ohio State University Aug. 12-15.

The board approved blanket bond coverage for all school bus drivers and renewed its $9,000 fire and extended coverage insurance policy on the shop building.

Bids were received for conversion of furnace rooms in the north building for classroom space, but no contract was let on the project. The board has scheduled a discussion on the conversion for another adjourned meeting next Monday night.

In other business the board approved Mrs. Seiter as school enumerator and employed Richard Halley to mow the school lawn during the summer.

Low Bid Is $20,946

School Board at Galion Lets Stadium Contract

GALION — The Galion Board of Education Monday night awarded the general contract for construction of the field house stadium at Heise Park to E. A. Hocker, Galion contractor, on a bid of $20,946.

The firm submitted the lowest of five bids which were opened June 2. Other contracts will be let for heating, electrical work and plumbing, in addition to the steel contract, moving of present bleachers, and architects' fees. The architects are Outcalt, Guenther and Associates of Cleveland.

Work on the stadium is to begin immediately and is to be substantially completed by Sept. 2.

—:—

THE BOARD authorized Clerk-Treasurer Miss Isabel Monroe to sign and execute a $38,000 note on behalf of the board to borrow funds in anticipation of a collection of current revenues on or before June 30, to run for not more than six months. The general fund balance as of May 31 was $18,905.

Four new teachers employed by the board are:

Mrs. Evelyn Pollock of Bucyrus, to teach home economics in the Junior High School at a salary of $4,450. She has seven years of experience and a degree from Bowling Green State University. She has taught the last six years at Sycamore and fills the vacancy left by the resignation of Mrs. Katherine Lesley.

Mrs. Ruth Varga was employed as Junior High physical education instructor and other teaching at $5,270 a year. She has 24 years of experience and came to Galion from Crestline with a degree from Ashland College.

Mrs. Cora McWilliams of Galion, who has a two-year cadet certificate from Bowling Green, will replace Miss Sandra Robinson as an elementary teacher. Her salary is $3,200.

Don Scott who has been teaching mechanical drawing and Junior High social studies, was employed to replace Cornel Amnasan as coordinator in the diversified cooperative training program for 11 months at a salary of $5,316. He has six years of experience.

—:—

RESIGNATIONS of Miss Sandra Robinson, who will teach next year in Champaign, Ill., and Cornel Amnasan, DCT coordinator who is moving to California, were accepted by the board.

J. Harold Blosser, superintendent of Galion schools, reports that he has three vacancies to fill: the position of school nurse and attendance teacher, a high school commercial teacher, and an instructor for vocational shop in the Senior High School.

Nine janitors were re-employed for the period from Aug. 1, 1958, through July 31, 1959, at salaries ranging from $3,500 to $4,000. Three secretaries were re-employed and four men were employed for extra summer maintenance work on an hourly basis.

Textbooks for social studies for grades 4 through 8 were adopted.

The board also authorized payment of $3,317 to the Wente Construction Co., Inc., for electrical work in the Senior high addition, and payment to the Scioto Plumbing and Heating Co. and the Buckeye Union Casualty Co. in the amounts of $27,092 and $3,098 for work on new schools.

The school calendar was adopted for the 1958-59 school year.

Bible School Opens

A Vacation Bible School at the Church of Christ in Christian Union opened Monday morning under direction of Sanford Malone. Classes are scheduled each weekday through June 20 from 9 a.m. to 11:30 and closing exercises are planned for Sunday night, June 22 at the church.

John Guthrie Talks to Lions On West Point

Explains Traditions, Organization, Aims Of Military Academy

John Guthrie, a cadet at the United States Military Academy at West Point who is in Marion on his first visit since entering the academy, was guest speaker for the Marion Lions Club meeting Monday noon at Hotel Harding.

With him as guests of the club were his father, John Guthrie, his paternal grandfather, Walter S. Guthrie of Ocean Springs, Miss., formerly of Marion, and his maternal grandfather, Henry Stauffer of Marion.

His first year at the academy was the theme of Cadet Guthrie's talk.

Present strength of the academy is 2,400 cadets. They are organized into 24 companies and two regiments.

Their day starts at 5:50 a.m. and they have to be ready for breakfast in 10 minutes, at 6 o'clock. After a few weeks of strict drill, he said, cadets learn to wash, shave and dress in that allotted period of time.

Four principal missions of the academy were discussed by Cadet Guthrie. They include training in academic subjects, leading to a bachelor of science degree; instilling high moral standards; physical training, including intramural sports to build healthy bodies, and training in military tactics.

Cadet Guthrie explained that West Point men do not select the branch of the Army they will enter into until after their graduation, at which time they go to a branch school for further training. During their four years at the academy, they study all branches of tactics.

One of the principal virtues taught by the academy, according to the speaker, is obedience. Once a candidate has learned the strict rule of obedience and the ways of the academy, he gets along fine, Cadet Guthrie said.

Guests included Mayor Wendell L. Strong, Robert Hinklin, John Petrie, William Nelson, Tom Manton, Jed Middleton, Jerry Strauss, Pete Colthard and Clarence Freeman.

Activities of Youth Groups

CAMP FIRE GIRLS

Members of the Imi Tanda Camp Fire Girls group received their first rank in a special ceremony held Sunday at 4 p.m. at the home of Mrs. Robert Algie, 575 Forest Lawn Blvd.

Mrs. Algie and Mrs. Joseph Scott are guardians of the group.

Parents and friends were special guests for the candlelight recognition ceremony and the tea which followed.

Those attending were: Mr. and Mrs. Raymond Stout, Mr. and Mrs. Joseph Scott, Dr. and Mrs. LeRoy Kohlhorst and daughter, Janet; Mr. and Mrs. Paul Eshman and children, Phyllis, Dennis and Patricia Sue; Mrs. Robert Babich, Mrs. Nathan Barnett, Mr. and Mrs. Algie and daughter, Elaine.

Campfire girls awarded their trail seekers rank were: Kerry Scott, Pam Weaver, Anne Algie, Donna Stout, Bess Babich and Janice Eshman. Judy Kohlhorst and Pam Wilson received honor beads.

For the tea, girls served homemade cookies, part of the requirement for their rank.

The title, Imi Tanda, is of Indian words meaning always kind and loving.

—:—

A breakfast honoring members with birthday anniversaries in May was held for the Witty Workers Horizon Club of Camp Fire Girls Wednesday morning at the home of Mrs. Robert Algie, 575 Forest Lawn Blvd.

Birthday celebrants, who received gifts, were Jane Loudenslager, Barbara Marshall and Elaine Algie.

Pat Brown, Susan Eicher, Bonnie Slagle, Marilyn Davis, Judy Vande Water, Nancy Hudson and Jill Howser, also attended.

Mrs. Algie and Mrs. R. E. Vande Water are club advisers.

Bridge Approved For County Road

The county engineer has been authorized to make repairs to abutments of the bridge over the Scioto River on County Rd. 35 in Bowling Green township, followingg action of the county commissioners taken at a meeting Monday in the commissioner's office in the Courthouse.

The authorization followed an estimate by the commissioners that the repair project would cost approximately $2,500.

In other action, the commissioners authorized the engineer to place new speed limit signs on County Rd. 175 (W. Fairground St.) reducing the maximum speed limit to 35 m.p.h.

The signs will be erected at appropriate places in the near future.

News of Granges

PLEASANT

A committee was named to seek a site for construction of a grange hall when Pleasant Grange met Thursday night at the school with Master Fred Slob in charge.

Selected to serve on the committee were Mr. and Mrs. Marion Craven, Mr. and Mrs. George Craven and Mr. and Mrs. Slob.

Four appeals for aid were answered and a $5 donation was voted for the Marion County Grange Youth Fund. Plans also were made to hold a bake sale in the near future.

Inspection was conducted by County Deputy George Bosley Jr. He and his wife were guests.

The program, given in observance of Dairy Month, was presented by Mrs. George Lust, lecturer. A skit was given by Miss Betty Slob and Mrs. Fred Slob. Group singing also was held.

Police Reports

Joel Eagar of 481 Park Blvd. reported to police at 3:16 p.m. Monday the theft of four hub caps from his car sometime Saturday night. The vehicle was parked at the rear of his home.

Art Club Will Hold 1st Session Sunday

The Marion YMCA's newly formed Art Club will hold its first session of the summer season at the home of Mrs. R. N. Sautter of Mount Gilead on Sunday afternoon, June 15, at 2 o'clock.

The club, under the direction of the "Y's" art instructor, Gordon Acker, will spend the summer in field trips for sketching and drawing. Instruction will be given by Mr. Acker on these trips.

The group's first session in Mount Gilead will be spent in learning the fundamentals of oil painting. Any person in the community is invited to attend this session. For directions to the Sautter home and further information concerning the program, persons interested are asked to call Dean Ludwig at the Marion YMCA adult program office.

Council Clears One More Hurdle

City Council has cleared one more hurdle on Marion's traffic project with its approval of a resolution indicating this city will construct underpasses at State and Prospect streets when funds become available.

This resolution of intent as to grade crossing separations was requested by the state highway department to support Marion's case in its request for financial aid on the north-south one-way street program.

It is a fairly technical point, but the highway department said the one-way streets on State and Prospect should be considered simply as a first step in a long-range construction program that eventually would include grade crossing separation structures.

Highway officials felt this additional pledge of intent by council was necessary if Marion were to have a good chance of qualifying for maximum state and federal aid.

The present council is doing an excellent job of keeping the ball rolling through the complicated maze of procedures on the traffic project.

This effort has been under way ever since February, 1956, and it frequently has become discouraging. Although the failure of the 1956 attempt could be traced primarily to local opposition, the highway department was not blameless by any means, nor has it been since.

There have been unnecessary delays and confusion piled atop confusion.

Nevertheless, the state officials actually do want to help Marion if this city follows a single plan and that is what City Council is doing right now.

Our only course is to keep plugging away in the hope that sometime, somehow, all the requirements will be met and major street construction in Marion will begin.

The path to progress often is long and difficult, and it certainly has been in this endeavor.

But city administration suggestions that the fight is hopeless and should be abandoned are an unwelcome demonstration of leadership in reverse, and are being ignored by council.

The courageous, progressive-minded performance of this council is one of the finest things that has happened to Marion municipal government in many years.

One Diplomat for Nine Soldiers

The Soviet Union has the drop on the United States in East Germany's seizure of nine Army whirly-birdmen who had the bad luck to land their helicopter in Communist territory.

The Communists have nine U.S. nationals in their clutches against one lone U.S.S.R. diplomat who has been tagged for return by the State Department for messing around in a senseless, amateurish attempt to buy classified information in this country.

Futhermore, whereas the diplomat would be sent home in a straight line in a transaction between the United States and Russia, the East Germans holding the whirly-birdmen are from Russia out of Marxism and professedly are acting independently of the Kremlin.

Moreover, although the charge that the crew of the straying helicoper violated East German air space is as full of holes as the charge that a blundering diplomat tried to buy information he could have had for the reading, the former charge could be serious. It is the kind of thing Communists thrive on in their tireless battle of dialectics.

If they think there is something to be gained, they can stretch the incident into a tiresome round of bickering and blunderbusing. They can heat up public opinion in this country to a fever pitch. They might even win some concessions about diplomatic recognition for East Germany, which is their main aim in Europe, just as diplomatic recognition of Red China is their main aim in Asia.

They hold all the advantages, including the advantage of being able to take ruthless advantage of an adversary's disadvantage.

Let's Have a Time Study

The political hatchetmen who are carving up President Eisenhower with his own niblick are laying themselves open for judgement by the harshness of their judging. We have a suggestion for judging them.

Suppose that a baker's dozen of the Democratic politicos and unionists who are agitating the idea that it is not good for the country to have a chief executive playing golf for relaxation were to volunteer for a time study.

Suppose that the country were to be kept informed about their relaxation—how much time they spent away from their desks for purposes of relaxation and where it was being spent.

Let's include everything: Golf, boating, bowling, summer and winter vacationing, junketing, card-playing, gambling, guzzling, gawking and goofing.

Let's include, also, the time spent out of touch with their offices, which is a privilege no chief executive ever enjoys.

Then, to strike a proper balance, let's list the time the baker's dozen put in on the job, with their sleeves rolled up and all the executive machinery whizzing at top speed.

One will get you five that the President's critics would be putting in three times as much relaxation and one third as much organized effort, which would not shut their mouths about Mr. Eisenhower's golf but would clinch what we believe to be true about their carping—that it is picayunish politics conceived in malice and carried on in as blatant a spirit of hypocrisy as anything ever witnessed in a country that still sets store by fair play.

The Rest of the Little Rock Story

The first witness in Federal District Court on a hearing to decide whether the Little Rock School Board's petition for a two-and-a-half year suspension of integration should be allowed was the vice principal of Central High School.

She had an idea for carrying out the U.S. Supreme Court's integration order.

The trouble at Central High, she declared, was caused by outsiders who worked through ringleaders in the school to maintain a state of tension in which normal educational procedure was impossible.

She suggested, therefore, that these outsiders be identified and controlled by the courts, instead of shifting responsibility to the administrators and teachers of the school.

This is also the position taken by the Little Rock School Board, which charges in its petition that the Federal Court insisted on integration and then did nothing to help control violence. Eventually, violence was reduced by the presence of federal troops, but nothing actually was done to stop the trouble-makers who used school children to keep racial tension at a high pitch.

The Little Rock story, it seems, must be told always in bits and pieces. There always will be one more detail that was overlooked before and needs to be filled in. When it finally has been revealed, as it will be sometime, who made certain that violence would occur and that it would not cease, a lesson will have been learned about race relations.

Someone nearly always makes violence occur in race relations. It is not, contrary to a common idea, something that always flares spontaneously.

The Once Over

By H. I. Phillips

Our own honorary degrees for 1958: J. Falmouth Scroggs, economist extraordinary. For rare and distinguished behavior in replying ,"It's too deep for me," to all persons asking, "What do you make of the current business slump?"

Jarvis D. K. Pottle, businessman. For an unusual performance as member of a committee to investigate and report on American defense. Mr. Pottle quit on Page 465 of a 15,000-page report, declaring, "It's lost me already." Take our king-size degree, Pottle and help yourself to a cigar.

T. Emory Whippersnack, eminent politician known to be hellbent for nomination for the presidency. On "Meet the Press" and other programs when asked, "Are you seeking the presidency?" he replied, "You're darned tooting, I am" instead of taking the customary attitude of coyness and unconcern. Step up and grab any degree in the house, sir.

MASON J. RAWHIDE, actor. Offered the part of a town marshal in yet another western you read the orthodox outline and promptly declined with the flat statement, "Those old-time frontier marshals are being made comical enough without rubbing it in any further." Wottaman!

Miss Arabella Jiggers, TV commercial deliverer. Doing your stuff in a modern kitchen in cocktail-party costume you frankly blurted, "Listen, folks, I know very well no woman could work in a kitchen in this attire but you know how those sponsors and TV directors are. Excuse it, please." Help yourself to a degree, Miss Jiggers, knowing that the women of America are behind it.

Kittery Boopingale, suburbanite. Kittery got the complete outdoor barbecue grill and all collapsible porch and lawn furniture assembled without an ambulance call, a row with the wife and a denunciation of rural life. And his profanity was 6 per cent off from 1957.

PRENTICE SUGGSWICH, yachtsman. Although made an officer of the yacht club you refused to wear a yachting cap, blue coat with brass buttons, etc., insisting that they made you look silly. You even refused to carry binoculars draped over your shoulder. Nice work. Prentice.

Z. Omar Cuttyhunk, quiz show wizard. When up to $75,000 on a jackpot hour you said, "I'll take the money. I'm just a quiz show contestant not a big-time gambler." Besides you had figured up the income tax situation as it affected bigger winnings. Take an honorary degree and a piece of strawberry shortcake.

KHRUSHCHEV WANTS more trade with the U.S. Willing, no doubt, to "give us the business."

New Jersey is putting auto inspection stations into drive-in theaters. A lot of customers are hoping the inspectors won't go into the matter of what's wrong INSIDE the cars.

Harlow Curtice of GM says a tax cut is necessary. Ralph Cordiner of General Electric says it is not. Well, Harlow has had wider experience interpreting skips in a motor.

We're Vulnerable!

Little Rock Mystery

By David Lawrence

Lawrence

The tragedy at Little Rock may have important legal consequences that were not foreseen when federal troops were used at Central High School there to enforce a court decree on the supposition that no other means was available.

Virgil T. Blossom, superintendent of schools at Little Rock, has just made a startling revelation in federal court. He has testified that the school board at Little Rock asked for federal marshals to enforce the court's decree and that the request was refused by Judge Ronald Davies. This fact has never before been publicly known.

Sen. John C. Stennis of Mississippi, Democrat, in a speech before the Mississippi Bar Association a few days ago made the point that there was no law authorizing the use of federal troops and that U.S. marshals should have been required to perform the task of enforcing the court's decree.

Mr. Stennis now has written to Comptroller General Campbell asking him to look into the legality of payments made to Arkansas National Guardsmen during their period of federal service. He was asked for an independent determination as to the legality of payment of such funds, because they were originally appropriated for national defense.

The comptroller general has replied that he will investigate the matter and render a decision.

THE MISSISSIPPI senator, who is an eminent lawyer, says that none of the conditions set forth in the law which was cited in the President's proclamation really existed in Little Rock. He adds:

"There was no danger of invasion or rebellion and no indication that the President was unable with the regular forces to execute the laws of the United States. Moreover, this section requires that orders to call into the federal service members of the National Guard 'shall be issued through the governors of the states.'

"No order of this type was issued by the governor of Arkansas as required. Hence, the conclusion is inescapable that the calling into federal service of the National Guard of the State of Arkansas was unauthorized and contrary to statutory requirements."

"There was no real attempt to try the injunctive process with its ever present threat of contempt proceedings. The only persons who were enjoined by the federal court, the governor and the Arkansas guard officers, readily obeyed the court mandate.

"GOVERNMENTAL action taken at Little Rock follows the most disturbing pattern of our time — that is, the trend toward interpretation of law in terms of expediency.

"This confusion of authority and initiative which led to the school segregation cases has led to the Little Rock situation.

"The present President of the United States is not a willful, nor reckless nor mischievous man. But some future president, with a less lofty regard for his post, under political pressures can well take refuge in this precedent in an attempt to rule with arbitrary power."

What the Mississippi senator said about the failure to use the U.S. marshal's office is very significant. It is backed up now by the testimony of Supt. Blossom. An extract from the official transcript of last Thursday in federal court reads as follows:

"Richard Butler (attorney for the school board): Mr. Blossom, you were also asked on cross-examination about your seeking of help or lack of seeking help from various agencies which might have assisted you and the school board in effectively disciplining various people either — well, by any process. I'll ask you whether or not you asked for instructions from the previous federal judge who sat on this case.

"Mr. Blossom: We feel that we counseled with and sought any guidance and help that any responsible agency had in the matter. With reference to Judge Davies, under actual instruction of the board and after a full conference and discussion on it, I went to Judge Davies, under actual instruction of the board and after a full conference and discussion on it, I went to Judge Davies and asked for his help—asked for the United States marshal to help in this problem — and we were turned down."

The mystery is: Why did Judge Davies refuse to assign U.S. marshals? In many an instance of civil disturbance in past history thousands of assistant marshals have been deputized to maintain order.

This is usually effective because it is a federal offense for any citizen to interfere with a U.S. marshal who is carrying out the orders of a federal court.

The federal laws today specifically forbid the use of the armed forces of the United States to enforce court orders.

This is the task of U. S. marshals. If they fail, they can in some instances call on military forces to help them but this is limited to "laws of the United States" and is not applicable to the enforcement of all court orders.

The use of federal troops to enforce a court order that did not involve any federal law, especially when the U.S. marshals were not availed of, makes the Little Rock precedent unique in all history and its legality or illegality has yet to be determined.

Letters to The Star

Upholds Mayor's Veto of Sewer Projects

To The Star: In reference to the article which appeared in the June 6 issue of The Star relative to annexation move being refused by residents of Vernon Heights. This article outlines the answer to my questions relative to future annexation of communities with the City of Marion as has been outlined by myself previously in duscussing the sewer questions of Marion in regard to expenditures of large sums of money out of the bonds from the sale of the sewer tax for the sole benefit of the communities outside of the boundaries of Marion, such as Vernon Heights.

The money expended to build the trunk line sewer down Forest Lawn Blvd. and extension has been solely provided by the residents and taxpayers of the city and to date not one cent has been provided by those who will derive nearly all of the benefit therefrom.

The citizens of Marion, thinking they were going to have their sewers put in working condition, paid this tax solely for that purpose.

During the past discussions in Council, relative to the sewer program, of which I have attended and taken part, principally because of my interest in having the sewer system within the city put into proper condition, I repeatedly objected to any further expenditures out of this bond money until the completion of Phase I of the Brown and Associates survey.

I was informed by a majority of the council that they would not expend more money in the east end of the city, namely this project, out of the balance that remained. They repeatedly told me that it was only good business to serve these people outside of the city limits with sewer facilities as an inducement for them to annex with the city. I pointed out that we had an example of this in Vernon Heights for a long period of time for which we have given them sewer service and now they show us their appreciation and desire to annex with the city by refusing to do so.

We would not be out of order to assume the same results from the new territory in expending the money which is badly needed to repair sewers within the city for the services of those who have paid that money.

I feel that the mayor is performing his obligation and duty to the citizens of Marion by vetoing this legislation and also that it is the duty of the council to the citizens of Marion to support the mayor in this action.

I am forwarding copies of this letter to Mayor Wendell Strong and Fred Baldauf, council president.

GRIN AND BEAR IT — **By George Lichty**

"Is it like the travel man said, Roscoe? Do you relive the gloriously happy days of our vacation trip every time you make a payment on it? . . ."

Sunny Side of the Street

By James Marlow

WASHINGTON

Secretary of State Dulles—the driver of our foreign policy bus—likes to stay on the sunny side of the street that leads to happy boulevard.

He wears optimism like a vest, buttoned tight. True, he has some gloomy moments. But they don't last long. And he seldom finds anything wrong with his own roadmanship.

It was a rather sunny account of our foreign policy that he gave the Senate Foreign Relations Committee last week. He listed a number of things we're doing to make our problems come out right.

"I see," he said, "a prospect that provides good ground for hope. We are not being tossed about rudderless on a sea of change. We are guiding and influencing the character of change. . ."

HE CONCEDED "our record is not perfect" and added: "We have no doubt done some things we should not have done and not done all that we should have done." But he didn't mention any errors by name.

And he didn't say anything about such recent setbacks as the stoning of Vice President Nixon in Latin America, or the growing anti-Westernism in the Middle East, or the fact the Soviets are out in front with missiles.

Instead he turned to what he called the "Communist balance sheet" and found it didn't balance because the Soviet problems are simply "insoluble."

ONLY SIX of the committee's 15 members were in their seats to hear Dulles' comforting thought that things look pretty good for the West, pretty sour for the Soviet Union. And only four of the six sat through the whole explanation.

Dulles has had some unpleasant moments with this committee whose members have heard him say one thing one time and what appeared to be just the opposite the next time.

For instance: he must have been having one of his gloomy periods back in December 1955, when he said:

THE SOVIET ZIGZAG policy seemed ended; they were opening dangerous new roads in the cold war; there was a rebirth; and they might be getting more confident because they were stronger.

But two months later, in February 1956, he said the Soviet leaders had to ditch Stalinism; their policy of "intolerance and violence" had failed because of free world firmness; and the Soviets were in a "very bad way."

This so angered Sen. William Fulbright (D-Ark)—or maybe it was because of the switch from December — that he complained Dulles was "treating us as children, ready to clap in delight at every fairy story, no matter how fanciful."

Dulles seems a little more relaxed now. Back in those days the word "panic" was on his mind. He repeatedly warned this country not to be "panicked" by what the Soviets were doing although to others the country seemed perfectly calm.

He hasn't used the word "panic" in a long time. What's been bothering Dulles, with his long training in diplomacy, is Soviet propaganda and the way they use it for diplomatic purposes.

But he acknowledged recently we're getting a little better at propaganda ourselves.

Out of the Ordinary

By Truman Twill

The boys in Detroit "protesteth too much" against small cars. They admit their doubts are gnawing at them while they shout at the tops of their voices that they know what they are doing and that it is exactly right.

They can prove it with statistics. That is their trouble.

It shouldn't have to be pointed out to anyone as smart as the boys in Detroit that statistics have led people smarter than they are up the garden path. All that statistics can show is what most people have been doing most of the time, or what most people think they would like to be doing most of the time.

As far as anything that obvious is concerned, the boys in Detroit o the boys anywhere else would be farther ahead if they relied on their own judgment, which would be as reliably average as anything the statisticians could run up on an electronic computer.

The trick is not to find out what is in plain sight but to ferret out what cannot be seen now but is going to be important later, like the slump of interest in going to the movies, the avalanche of stay-at-home votes that buried Thomas E. Dewey alive in 1948 and the creeping revulsion against Detroit designs that is causing the U.S. auto industry to justify itself like a kid who forgot to put out the cat.

The industry let itself be played for a sucker by the credo that whatever most Americans want is right and eventually will turn out to be what all Americans want.

It just ain't so.

Most Americans want the kind of trash that is blotting out everything else on television. But some Americans are writing off TV as a flop.

Most Americans want a kind of education that produces a diploma with the least possible effort. But some Americans are sick of organized ignorance in their school systems.

Most Americans move their lips when they read and are vague about both reading and writing. But some Americans are not satisfied with a comic-book level of communication.

Most Americans will lap up whatever the politician with the loudest voice and the quietest conscience tells them. But some Americans no longer believe anything any politician tells them and are being accused of "apathy."

Most Americans believe baseball is the national game and they must be loyal to it. Some Americans believe, on the other hand, that there is nothing sacred about baseball and it is not unpatriotic to say basketball is the national game, not baseball.

They are a minority but their absence hurts at the baseball box-office and their enthusiasm about basketball makes a baseball buff suspect, un - American activities may be to blame.

This is roughly the situation in Detroit, which is bellowing and bumbling about a spurt of interest in an automobile that would be cheaper to buy, cheaper to support and easier to park. This would be un-American, warns Detroit. Most Americans wouldn't touch such a thing with a 10-foot pole, says its statisticians.

Of course, they wouldn't. But does that make enemy agents out of Americans who would touch 'em with their own hands?

Is this country now so crowded with statistical averages that mass producers must rationalize their stereotypes by attacking the loyalty of people who want something "out of the ordinary"?

News of Other Years

40 YEARS AGO — The allied forces held firmly against a renewed German offensive on the Picardy and Aisne-Marne battlefront in France.

The German government attempted to get back Capt. Franz von Rintelen, leader of the German bomb plot in the U.S., in a prisoner of war exchange between Germany and the United States.

Almost the entire business section of Caribou, Me., was destroyed as a fire swept the business blocks causing an estimated $500,000 damage.

20 YEARS AGO — A huge Army plane crashed in an electrical storm on a farm north of Delavan, Ill., killing its crew of eight.

Tom Mullet, son of Mr. and Mrs. R. T. Mullett of King Ave., won a four-year scholarship for study at Purdue University.

The policemen's and firemen's ball was held at Crystal Lake to raise funds for a short-wave, two-way radio system for the Marion city and county law enforcement agencies. More than 2,000 attended.

J. Edgar Hoover announced from Miami, Fla., that Franklin Pierce McCall had confessed to kidnaping and killing James Bailey Cash Jr., five-year-old son of a prominent Florida family.

A slow-moving tornado killed 13 persons in a Texas town of 700. At least 40 others were injured.

10 YEARS AGO — Mihai, exking of Romania, and Anne, a 24-year-old Danish princess of the House of Bourbon-Parma, were married in the royal palace in Athens, Greece.

Another round in the long-drawn-out legal battle in which 35 firemen and 16 policemen sought a total of $56,950.54 in suits for back pay against the city ended with the city employes still unable to get their cases into court after three years of litigation.

Secretary of Labor Lewis B. Schwellenbach died at Walter Reed Hospital after being ill several weeks.

Funeral Services Held For Former Marionite

Word has been received here of the death in Florida May 25 of Charles E. Collins, formerly of Marion. He suffered a heart attack and was pronounced dead on arrival at the hospital in St. Petersburg, Fla., where he moved a year ago from his home at 598 Ballentine Ave.

A retired guard for the Marion Power Shovel Co., he came to Marion in 1937. He was in his late 60's.

Surviving are his widow, Mrs. Maude H. Collins, his son in Florida and stepchildren.

Funeral services and burial were in St. Petersburg.

Body of Morral Man Discovered in Garage

Wade Wright, 71, of Morral was found hanging in a garage at the rear of his home early today, the sheriff's office reported.

Sheriff Glenn Obenour said Mr. Wright was found by his wife, Marjorie, at about 8 a.m. Dr. M. M. Weinbaum, acting county coroner, ruled death was due to strangulation by hanging and that Mr. Wright took his own life.

Funeral arrangements are being handled by the J. T. Lucas Funeral Home in Morral.

Two Suits Seeking $41,188 Filed Here

Two suits totaling $41,188 were filed in Common Pleas Court this morning as a result of an automobile accident Aug. 4, 1956.

James M. Dixon of 350 Fahey St,. filed one suit for $6,188 against Leo S. McKinnis of Ewington, O. Dixon's wife, Mrs. Flossie M., of the same Fahey St. address, filed the other action against McKinnis for $35,000.

Dixon, in his petition, alleges that shortly after 8:56 a.m. on Aug. 4, he was driving east on Center St. in the vicinity of Alber's Super Market, and that he turned off E. Center into the store's driveway, stopping behind another car driven by David Rodgers, who had stopped to discharge a passenger.

His petition alleged that his car protruded into E. Center St., about six inches and that his car was struck, while so stopped, by a westbound auto being driven by the defendant.

The plaintiff asks a total of $6,188 for injuries to his wife, a passenger in his car, and damages to the vehicle.

Mrs. Dixon is asking $35,000 for back injuries and alleged permanent disability which, she says, is the result of the mishap. Both plaintiffs charge the defendant with negligence.

Attorneys for the plaintiffs are George Piacentino and Edwin Spohn.

Vandalism Reported

Harley Toomes of 206 Glad St. reported a case of vandalism to the sheriff's office at 10:20 p.m. Monday. Toomes told deputies that dents were apparently kicked into the sides of his auto, deep scratches were put into its roof, an outside mirror and the gearshift lever were wrenched off and the inside of the auto was soaked with some kind of beverage.

Trumans Invited

MONTE CARLO (AP) — Princess Grace and Prince Rainier have invited former President and Mrs. Truman to drop over Saturday night for an old-fashioned songfest—at $23.81 each and any champagne extra.

The singing will be led by Frank Sinatra and Noel Coward. The occasion is a big charity fete which the princess—who, as Grace Kelly sang with Sinatra in the movie "High Society"—is sponsoring for the U.N. Children's Fund.

WELCOMED as a new member was Mrs. Henry Mickley when the House and Garden Club of the Marion Garden Clubs held a picnic luncheon Friday at the home of Mrs. J. E. Oliphant on Mt. Vernon Ave.

Miss Elizabeth Ammann, president, presided for the business session which followed in which the field trip chairman, Mrs. C. E. Lockwood, announced a field trip for the club to Malabar Farm and the Black Estate near Mansfield which is planned for July 11.

An invitation was read from the Peony Association of Van Wert to attend the peony festival scheduled for July 8-11. An announcement was made of a demonstration of flower arranging to be presented by Mrs. William Lowry in Exhibition Hall at Kingwood Center on June 11. A birthday party at the Marion County Home was planned for July 18.

Mrs. U. A. Nystrom presented the program, a review of the schedule for the Marion Flower Show, sponsored by the Marion Garden Clubs, to be held June 14 and 15 at the WestTown Branch of the National City Bank.

Hostesses named to represent the club at the flower show were Miss Ammann, Mrs. Harry J. Merchant, Mrs. Robert O'Connell and Mrs. Forest Flockencier, and Mrs. Mickley will be registrar.

A set of books on roses was presented as a gift to the club by Otto Schlientz.

Arrangements for the picnic luncheon were in charge of the social committee composed of Mrs. O. C. Schlientz, chairman, Mrs Cloyce Taylor, Mrs. O'Connell, Mrs. M. J. Newton and Mrs. J. K. Lyons. The club's next meeting will be the field trip in July.

—:—

THE NEWLY FORMED Waldo Community Garden Club will hold its second meeting Thursday afternoon at 1 o'clock at the home of Mrs. Kenneth Baxter in Waldo.

Guest speaker will be Mrs. Ray Romine, who will talk on flower arranging. Anyone in the community who is interested in belonging to the club or in flower arranging is invited to attend.

—:—

Mr. and Mrs. Paul L. Foreman of south of LaRue entertained in their home Friday evening with a safety program. General theme for the meeting was "Safety for Home, Farm and Automobile."

Guest speakers were Martin Hess, Lee Foreman and Robert Silvers, all of Columbus, and the Rev. C. E. Hershey of Marion. The latter gave a talk on "Travels in Other Lands," including the Holy Land where he has visited.

Mrs. Foreman gave a report on a safety program held at the Neil House in Columbus.

Refreshments were served to guests from Cardington, LaRue, Marion and Columbus. Assisting the hostess was Mrs. Lloyd Williamson of LaRue.

—:—

Winners in bridge during ladies day activities Thursday at the Marion Country Club included Mrs. Paul Frye, Mrs. Don Howard, Mrs. Paul Menzer, Mrs. Oliver Hamilton, Mrs. Tom Moretti, Mrs. C. O. Brown and Mrs. J. R. Patterson. Seven tables for cards were in play.

A guest was Mrs. Charles Faurot of Morral.

—:—

Mr. and Mrs. Basil Lyons of 257 N. Greenwood St. entertained Friday evening with a lawn buffet supper in honor of their son, John Edward, who was graduated from Harding High School on Thursday night.

Among the guests present was the honored guest's 80-year-old grandmother, Mrs. Effie Rice of Marion. The evening was spent socially.

Present besides the guest of honor and host and hostess were Mr. and Mrs. Stanley Payne and son, Kim, of Pinesville, N.C., Mr. and Mrs. Clyde Payne and daughter, Mrs. Francis Conley and daughter and Mr. and Mrs. Everett Smith and daughter, all of Marion.

Jessie Gardner Federated Club Holds Rose Tea

The Jessie A. Gardner Federated Club's second annual Tea of Roses was held Sunday afternoon at the home of Mrs. Rose Nichols of 268 N. State St.

A rose garden housing many varieties of roses was the center of the afternoon's activities. Guests were seated around the garden tables decorated with floral arrangements donated by the various Marion florists. A musical program also was presented in the garden during the afternoon.

The tea table, laid with an imported lace cloth from Brussels, Belgium, was centered with a five-tiered centerpiece of red and yellow rosebuds and stood three feet tall.

Mistress of ceremonies for the afternoon, Mrs. Barbara Russell, extended a welcome to the more than 150 guests attending. The program included a reading, "Do You Know Your Neighbor?" by Mrs. Ethel Wilson; two songs, "He" and "I Believe," by Tom Dallas, accompanied by Mrs. J. W. Baker; piano number, "Valse de Caprice," Tschaikowsky, by Mrs. Griselda Davis Dombaugh; vocal solos by Mrs. Vivian Walker, a lyric coloratura soprano from Columbus, who sang "If I Could Tell You" and Adele's "Laughing Song," accompanied by Mrs. Gladys Powell; a reading, "My Neighbor's Roses," A. Gruber, by Mrs. Betty Russell; songs, "A Touch of God" and "Home of God," by Mrs. Irwin Jobe, accompanied by Mrs. Baker and a group of spirituals by a choral group of 20 college students from Columbus under the direction of Rudy Womack. They sang "The Italian Street Song" and "African Drums."

Background music for the afternoon was played by Misses Sue Shambaugh, Marilyn Cottrell and Karen Smith, students of Mrs. Baker.

Guests were present from Marion, Columbus, Mansfield, Lima Cleveland, Mechanicsburg, Marysville, Kenton, Bucyrus, New York City and Washington, D. C.

Seven members of the Jessie A. Gardner Federated Club were hostesses.

Classes in Driver Education Slated

An organizational meeting for the summer Adult Education driver training class will be held Wednesday at 7 p.m. in Room 127 at Harding High School, Emil J. Lisak, program director, announced today.

He said all those registered for the summer course as well as those who wish to enroll may report to the Wednesday session. Joseph McDaniel, driver training instructor, will be in charge.

The summer program will be held Monday, Tuesday and Wednesday nights, beginning next week, according to Mr. Lisak. Members of the class will report for individualized instruction one of these three nights.

Upon completion of the course students will be qualified to take the state driver's examination, Mr. Lisak said.

Registrations also may be made for the fall course at any time by telephoning 2-0235.

Fire Reports

FIRE CALLS

(Monday)

2:07 p.m. to 513 Scranton Ave., residence of Jack Chevalier, where a defective hot water heater let off steam and created a fire scare. Firemen of the W. Center St. station answered the alarm and reported no loss.

(Tuesday)

6:09 a.m. to the rear of 460 W. Center St., Marion Iron and Metal Co., where insulation was being burned off a wire by a workman. Smoke drew the attention of a passerby who turned in an alarm. Firemen of the Central station answered the call and reported no loss.

FALSE ALARMS

(Monday)

2:11 p.m. to Fairfield Engineering Co. at 324 Barnhart St. where air escaped from a sprinkling system line, setting off the fire alarm. The alarm was answered by Central and Mark St. station firemen.

INHALATOR CALLS

(Monday)

11:25 p.m. to 680 Windsor St. where Paul Emery, 60, suffered a heart attack. The inhalator was used 20 minutes and he was taken to Marion General Hospital in a Boyd ambulance. His condition was listed as critical this morning.

Spy Treatment Hinted For 9 Seized by Reds

BERLIN (AP)—The East German Communists hinted today that nine U.S. Army men arrested after their helicopter made a forced landing behind the Iron Curtain might be treated as spies.

The East German army newspaper Die Volksarmee said that Maj. James R. Zeller, Mount Joy, Pa., "and his inquisitive team have learned we. . .will not tolerate that our borders be overflown boldly to carry on espionage."

American officials say the U.S. helicopter, belonging to the 3rd Armored Division in West Germany, got lost in a thunderstorm Saturday and ran out of fuel.

More new freight cars were placed in operation by U.S. railroads in 1957 than in any of the past 30 years with tht exception of 1948.

Killed in Crash

CINCINNATI (AP)—Clifton Lowry, 18, of suburban Lincoln Heights, was killed Monday when his car spun out of control and crashed into a utility pole off the Lockland Highway at the north edge of the city.

Postal Service Makes Poor Spelling Official

HOLDREGE, Neb. (AP)—Over the years residents of Holdrege became accustomed to having the town's name misspelled "Holdredge"—adding an extra "D."

They didn't pay much attention to mail that some times came addressed that way.

Recently, though, patience began to wear thin when people discovered the Post Office Department had it wrong, too, and was using a cancellation stamp with that darned extra "D."

Richwood Flower Show To Be Held At Store Saturday

RICHWOOD — The Richwood Garden Club flower show will be held Saturday in Porter's store room. The theme will be, "Fill Your House With Flowers." Mrs. Nelle Cowgill is the chairman. The show will be open to the public in the afternoon and evening.

According to rules for the displays, all entries must be grown by the exhibitors and arrangements must be made by the exhibitor. No one will be allowed more than one entry in a class and the entries are to be in place by 9 a.m.

In the classification, "Artistic Arrangements for the Home," accessories will be permitted. There will be 10 classes, "Versatile Vestibule," arrangement for entrance hall; "Conversation Caper," for coffee table; "Company Is Coming," for dining table: "The Sky's the Limit," a tall arrangement; "Exotic," arrangement with Oriental influence; "Mantel Masterpiece" for the mantel; "Tiny Treasures," small arrangements for shelves, either three-inch or five-inch in measurement, both in heights or width; an arrangement "in a container from Grandma's attic"; "Bright and Early," for breakfast table, and "Forever Green," using green in both the arrangement and container.

Specimen from hybrid tea roses, floribunda roses, miscellaneous flowers and house plants will make up the remainder of the show and judging will be on length of stem in proportion to size of bloom. The hybrids shown can be one bloom of any red, pink, yellow, bi-colored or white variety; floribundas, one stem of any red, pink, yellow or other color variety; others, one bloom of Peruvian daffodil, one stalk of delphinium, at least 30 inches in length, one stalk of lilies, one stalk of daylilies or three to five blooms of any other perennial, and house plants, foliage specimen, cacti, African violets and begonias.

Tops Weekend Activities

Ohio Wesleyan Seniors Hear Talk by Flemming

DELAWARE — Some 400 Ohio Wesleyan University seniors Monday heard a commencement address by Arthur S. Flemming, his last as president of the school.

The talk by Dr. Flemming, who leaves next month to join President Eisenhower's cabinet as secretary of health education and welfare, highlighted a weekend of activities which drew hundreds of former graduates back to their alma mater.

—:—

ON SUNDAY, Bishop Herbert Welch, 96-year-old retired Bishop of the Methodist Church, told the graduates in a baccalaureate sermon that duty alone is not enough to make a man great.

"I may keep all the Ten Commandments and be a dull fellow," he said. "For greatness I must have fire within my soul." This fire, he added, spells the difference beween mediocrity and greatness.

The fifth president of Ohio Wesleyan said that "indifference and cynicism can only be thrown out the window by an enthusiasm stalked with an inner faith in something really worth while."

Wesleyan's newest classroom building, the million-dollar Kathrwn Sisson Phillips Hall, was dedicated on Saturday. It will house the departments of education, religion, philosophy and psychology.

Ralph W. Sockman, a 1911 graduate of the university and now minister of Christ Church in New York City, spoke at the dedication. He said that the teaming of education and religion in a single college building "is the inculcation of duty and reverence."

"Love of self," said Dr. Sockman, is the touchstone by which we measure our relations to others and it itself must be judged in the light of our attitude toward God. What do I owe myself? I must see myself with that sense of reverance that comes through reference to God."

—:—

DR. SOCKMAN said that he sees a possibility that the new building may restore Ohio Wesleyan to the leadership it once had in training missionaries.

He compared Mrs. Phillips, in whose honor the building is named, with the image of the pioneer woman with a Bible in one hand and leading a child with the other.

"This building and the donor and the spirit behind it," he said, "prove that the pioneer woman still lives in America. The one who takes the truth of the Book of Life, transmutes it to her own body and blood, and passes it on to the next generation with whom she walks — briskly and hopefully forward."

The building was given to Ohio Wesleyan by the Ellis L. Phillips Foundation of New York City in honor of Mrs. Phillips, a 1901 graduate and former dean of women and teacher there.

Although Dr. Flemming probably made his last address as president of the university Monday, Ohio Wesleyan won't be losing him completely to Unce Sam when he takes his newest Washington post.

The university board of trustees, at its annual meeting Friday, elected him a trustee-at-large for a five-year term. He succeeds Garfield D. Merner of San Francisco, a member of the board since 1941 who has been named a trustee emeritus.

Dr. Flemming was serving on the board of trustees when he was elected president of the university in 1948. He served as president of the board in 1956-57 while he was on leave from the university and heading the Office of Defense Mobilization.

Senators Blast Back at Administration Attack on Labor Bill

Sponsors Hit At Criticism By Mitchell

Kennedy, Ives Take Issue With Blast by Secretary of Labor

WASHINGTON (AP)—The Eisenhower administration, in an unexpected attack, contends a proposed Senate bill aimed at corruption in labor unions is studded with loopholes and on the whole "completely ineffective."

The administration stand was set forth Monday in a statement by Secretary of Labor Mitchell, who said, in effect, the bill is worse than no bill at all.

"We need legislation that will add to, not subtract from the existing protections which the law now provides for union members, individual workers and the public," he said.

Challenge Attack

Senators John F. Kennedy (D-Mass) and Irving M. Ives (R-NY), two of the bill's principal sponsors, promptly challenged the administration attack. They denounced it as stemming either from ignorance of the bill's provisions or from political pressure.

In releasing Mitchell's statement, the Labor Department said it represented the administration's views. Mitchell himself is attending a meeting in Switzerland.

Mitchell said the bill, approved last week by the Senate Labor Committee and now awaiting Senate action, follows some of the "carefully developed, reasonable proposals" recommended by President Eisenhower.

Ineffective Legislation

But he added: "The proposals as a whole would provide completely ineffective legislation, which would delude the workers of this country and the American public into believing they had protection they did not in fact have."

He said the bill would require him to inspect the books and records of a union suspected of law violation, but would give him no authority to compel testimony, hold hearings or issue subpoenas to get the information.

Mitchell's statement was expected to give new impetus to announced plans by Sen. William F. Knowland (R-Calif) and others to seek a more restrictive bill providing greater government control over union affais.

The bill, endorsed by Chairman John McClellan (D-Ark) of the Senate Rackets Committee, is aimed at curbing abuses by giving rank and file members a greater voice in union affairs and by requiring public reporting of union financial dealings. Election of officers by secret ballot for limited terms is included among its provisions.

Fire Lane Signs Changed on Mary

Relocation of fire lane signs on Mary St. to conform with a city ordinance adopted Jan. 24, 1956, was completed this morning, Safety-Service Director Howard W. Travis reported.

The signs were moved from the west side of the street where they have been incorrectly located to the east side of the street where they were directed to be located by the ordinance, he said.

Enforcement of the no parking regulation will not be started by the police department for a few days to give residents and others ample opportunity to become aware of the change, Mr. Travis said.

The signs were erroneously placed on the wrong side of the street by a previous city administration after council adopted the legislation establishing the fire lane, Mr. Travis said.

Mental Health Clinic Opens at 130½ S. Main

Marion's new mental health clinic opened its doors to patients this morning at its temporary headquarters at 130½ S. Main St.

The staff at present consists of Dr. Theodor Bonstedt, clinic director, and the secretary, Mrs. Harold H. Case. Two other staff members remain to be named.

Dr. Bonstedt noted that although patients will be referred to the clinic primarily by family physicians and welfare agencies, persons may seek help as individuals.

All case histories remain confidential, as is true of any clinic situation, Dr. Bonstedt said.

The clinic will be open Monday through Friday from 8 a.m. to 5 p.m. The telephone number is 3-2011.

Permanent headquarters will be established this fall at 210½ E. Church St.

Peace

(Continued From Page 1)

he said, "that we may succeed little by little, if not all at once, in making some progress toward the relaxation of tensions in the world."

Macmillan said it would be foolish to expect any summit meeting to bridge the gap between East and West.

He added, however, that "if conditions are favorable and if the will is there they might make, first, a little progress here, and then a little there and so bring us out of a condition of stalemate into one of negotiation."

But he said it can be done "only if both sides are willing. We on our side certainly are willing."

Macmillan said both the United States and Britain have rightly held that a beginning can be made in controlled disarmament of both nuclear and conventional weapons.

Control Is Essence

"Control is really the essence," he said.

"Once both sides agree to experiment in this we shall have really made a start. We will have established a beginning of confidence. And confidence means peace."

As he did in an address Sunday at De Pauw University, Greencastle, Ind., Macmillan urged lowering of trade barriers which restrict the flow of goods between countries.

Crowley

(Continued From Page 1)

kyo District Court today set his bail at 300,000 yen ($833.31).

Arthur K. Mori, Yale-educated attorney for the 48-year-old exhalfback, said he could not predict when the trial would begin but he hoped to know within a few days.

Crowley will be tried before three judges—but no jury—on a charge of "inflicting bodily injuries resulting in death," similar to a U.S. charge of manslaughter. Conviction could carry a sentence of 2 to 15 years. In Japan, any sentence under three years can be suspended.

Jones died May 8, three days after he, Crowley and Maryland accountant Frederick M. Kissinger came to Tokyo to buy an oil tanker. Crowley has been in jail since May 21.

Mori said Crowley will remain in Tokyo while awaiting trial.

Upturns Noted By Weeks in U.S. Economy

WASHINGTON (AP) — Secretary of Commerce Weeks today reported that recent business statistics "have looked better than at any time since the decline started last year."

"The field day of the hand-wringing pessimist is about over," Weeks said in a speech to the 43rd National Conference on Weights and Measures.

"If public confidence continues to grow, if business continues to spur the upturn, if government continues to keep away from gumming the works by unsound legislation, the economy should continue to improve."

Weeks acknowledged that the economy "still has some months to go before it recovers complete health," but added, "The outlook is bright for better times later this year."

The secretary noted that business inventories were reduced by 800 million dollars in April. This suggests that many companies must soon go back to the market for new stocks, Weeks said.

He cited these other statistics: Steel mill operations have advanced from a low of 47 per cent of theoretical capacity in April to 61 per cent last week. Construction activity rose 10 per cent in May over April. Employment in May climbed 1,200,000 while joblessness dipped by 200,000.

In a related development, the Associated General Contractors of America, Inc., reported a majority of its chapters across the country have noted an improvement or a levelling-off of the business recession.

Results of a telegraphic survey indicated that building construction is normal or better in 57 of 83 areas reporting; that highway construction is normal or better in 50 of 59 areas reporting, and heavy construction is normal or better in 38 ot 50 areas.

Heavy Rains

(Continued From Page 1)

The Ohio Department of Natural Resources said 7.75 inches of rain fell in the Loramie area of Shelby County since Sunday night, the heaviest rainfall since 1913.

Water to the depth of 29 inches was going over the lake's spillway. There was no emergency condition at the lake, but further rains might cause some evacuations, it was reported. Water is nearing the office of the state Division of Parks at the lake, and has covered islands in the lake.

More Thunderstorms Predicted Here Tonight

Rain, welcome Sunday, was not so welcome Monday. However, 1.08 inches were measured, which, added to the 1.41 inche. coming down Sunday totals a whopping 2.49 inches for the two-day period.

To farmers with hay down, corn to be cultivated and beans yet to be planted, today's weather is anything but encouraging.

The weatherman ducked out this morning long enough to predict more showers the rest of today and tonight. But, he also called for clearing conditions Wednesday.

The mercury hit a high of 77 Monday, dropped to a low of 63 during last night's downpour, and was back up to 73 at noon today with a day's high of 90 anticipated.

Tonight's low is expected to be 65 with 78 the high Wednesday.

Pool Filtration Plans Okayed

Bids Will Be Opened For Project Saturday

Proposed filtration equipment for the renovation of the Lincoln Park swimming pool today has received the approval of the state department of health.

Mayor Wendell L. Strong said approval was received from Dr. Ralph Dwork, state health director.

Plans for the renovation of the pool were prepared for the city by Edwards and Burris, local architects. Bids for the renovation, estimated to cost some $65,000, are to be opened Saturday noon in the office of the safety-service director. The Park Board is charged with the responsibilty for awarding the contracts.

The architects propose to filter the pool water through either sand and gravel or diatomaceous earth.

strayed into Red territory. Dulles said no recognition of the East German regime would be implied.

2. Khrushchev apparently has asked the United States to grant Russia long-term credits so Russia can more successfully wage economic warfare against the United States. This was the essence of Dulles' comment on a letter from Khrushchev last week suggesting that the U. S. government finance expanded sales to Russia.

3. The United States has irrefutable evidence that the United Arab Republic has been inciting rebellion against the government of Lebanon, and increasing evidence that the U. A. R. has actually supplied arms to antigovernment elements in Lebanon.

4. The United States and Britain agree that they need to start new enterprises to promote the economic health, financial well being and international trade of the free world. Dulles spoke of the possibility of expanding the resources and duties of the World Bank and the International Monetary Fund, and possibly other steps such as setting up a supplementary lending institution to assist soft currency countries.

College Deans Subpoenaed in Racial Studies

LSU Faculty Members Called to Stand After Opposing School Bills

BATON ROUGE, La. (AP) — Louisiana State University's president and deans must explain to the State House of Representatives Wednesday why 59 faculty members oppose segregation bills to close public schools.

The House by a 70-0 vote Monday night demanded the public hearing because the 59 were among 600 who signed a Louisiana Civil Liberties Union petition opposing the joint legislative segregation committee's plan to close schools threatened with racial integration.

Appear Before Committee

Two LSU professors appeared before the House Education Committee earlier in the day to protest the eight segregation bills before they were approved by the committee.

The bills would authorize the governor to close any public schools ordered to integrate, provide for continued pay for school personnel, provide a system of education expense grants to children attending private schools set up as education cooperatives by parents and prohibit local school boards from approving budgets for racially mixed schools.

Set Up Placement Law

They also set up a pupil assignment law patterned after the Alabama law upheld recently by a three-judge federal court, provide malfeasance charges against any school official guilty of efforts to bring about integration and eliminate a section of the state constitution held unconstitutional in the New Orleans school segregation case, in an effort to offset federal court rulings.

The House directed LSU President Troy Middleton to bring the college deans to the hearing.

Waldo F McNeir, LSU English professor, and Dr. Charles Reynard, law professor, protested the bills before the education group.

Sewers

(Continued From Page 1)

Mayor Strong said that Mr. Lister previously was sent a letter recommending the rate be $6 a front foot. In answer to a question by Mr. Lister, City Engineer John Ruth said that total cost of the trunk sewer would be nearly $12 a front foot.

The sewer committee then determined to order legislation prepared to amend the previous legislation to set the tapping fee for the Forest Lawn Dr. properties along the extension at $6 a front foot. It previously was set at $4.25 a foot.

There also was a discussion pertaining to the mayor's vetoes between Mr. Lister and Edward Murphy of 383 W. Church St. In his vetoes, the mayor also objected to exemptions of 103 lots in the Royal Oaks and Zachman-Vernon Acres subdivisions from a $100 tapping fee established in the proposed contract between the city and District 1.

In answer to a question by Mr. Murphy, Mr. Lister said the exemptions were agreed to, along with exemptions of the new shopping center and the Marion County Home.

He explained the reason was that the developers of the shopping center and two subdivisions are installing trunk sewers at additional cost to serve areas other than their own. Because of this additional cost to the developers for the benefit of other future potential users of the sewers, it was felt developers should not be required to pay the tapping fee for lots presently platted, Mr. Lister said.

The mayor also said that he was in favor of exempting the developer of the shopping center and the County Home from the tapping fee.

Mr. Murphy questioned how the mayor could make a distinction between the shopping center developer and the subdivision developers when all are sharing in the cost of the suburban sewer construction. He said that it appeared to him that the mayor vetoed the legislation only for the sake of vetoing.

De Gaulle's proconsul for Algeria, Gen. Raoul Salan, claimed a bright spot in the North African troubles. He said in an interview that about 18,000 rebels have defected to the French since the nationalist rebellion for independence began in Algeria 43 months ago.

Sales Manager Named

Stull and Millard Hunt Appliance Firms Merge

Two local appliance companies merged Monday night and Donald K. Stull was named sales manager of the merged firm.

Businesses merging were the Stull TV and Appliance Store at 270 W. Center St., owned and operated by Mr. Stull, and the Millard Hunt Appliance Store Inc. The action was taken during a meeting of Millard Hunt's board of directors.

The merged firm will be known as the Millard Hunt Appliance Store Inc. with sole operations at the present location of the Hunt appliance store at 125 E. Center St.

In addition to being named sales manager of the new firm, Mr. Stull also was elected secretary of the board of directors.

A native of Knox County, Mr. Stull worked for Ohio Fuel Gas Co. as a salesman 17 years, serving some of that period in Marion.

He opened an appliance store here in July of 1952 which he since has operated.

The new store manager served four years in the Army Air Corps during World War II. He is married and the father of two daughters. The family holds membership in Emanuel Lutheran Church where Mr. Stull currently is serving as a deacon. The family resides at 867 S. Prospect St.

in a report submitted to the board at the April meeting.

In other business the board employed six new teachers and accepted resignations from 18 others. An additional 141 instructors and administrative personnel were granted one-year contracts.

New teachers at the secondary level are Miss Marilyn Bachman, Karl Dilley of Nevada, Gerald Liebert of Waldo and Howard Shumate.

Employed at the elementary level were Mrs. Helen Liebert of Waldo and Miss Nancy Sutton of Greeley, Colo. Miss Virginia DeLauder was hired as a secretary at the School Administration Building, effective June 9.

The following resignations were accepted: Miss Pearl Smith, Miss Shirley Clemensen, Mrs. Virginia Stafford, Mrs. Celia Schroeter, Joseph McDaniel, James Hartley, Mrs. Eldonna Hartley, Mrs. Lois Preuninger, Charles Clark, Mrs. Martha Penry, Mrs. Joan Opicka, Mrs. MarDean Ririe, Miss Thena Utley, Mrs. Kathryn O'Dowd, Miss Anita Porter, Charles Brobeck, Miss Florence Busch and Miss Mary Lee Concklin. Miss Concklin and Miss Busch are retiring.

The board did not renew a contract for Miss Goldie Baker.

Conventions Approved

Approval was granted for two faculty members and three secretaries to attend conventions this summer with all expenses paid. George W. Lane was authorized to attend the Band Director Clinic in Madison, Wis., July 24-26 and Norman Fogt was authorized to attend the National School of Public Relations in Detroit, Mich., July 6-10. Cost of each trip was estimated at $125.

Secretaries authorized to attend a meeting of State Secretaries in Kent July 10-12 were Mrs. Pat Romano, Miss Twila Rentschler and Mrs. Lillian Disterdick. Total cost for the three will be $40, Mr. Brown told the board.

Authorization also was granted for the annual summer school program to be held at Harding High School from June 11 to July 23. Mr. Brown said students who have failed a course will be permitted to make up the lost credits during the instruction period.

Bills totalling $34,933.76 were approved for payment. Miss Vera Stull, board clerk, reported that the second quarterly settlement from the county auditor had been received in the amount of $171,056.04.

Developments Reviewed

A report on curriculum accomplishments this year and new plans for next year drew considerable discussion from board members. The report was given by Cecil W. Gabler, assistant to the superintendent in charge of curriculum.

Advantages of a science fair being planned here were questioned by Rodney S. Cox, board member, who expressed the opinion that too often science projects take more than a fair share of the student's time, thus limiting time spent on other subjects.

Mr. Cox urged that if a science fair is held next year, students be encouraged to attack a project within their time limitations.

All members of the board agreed, however, that such a project, planned for students from grades 7-12, will provide an outlet for youngsters interested in science, as Mr. Gabler suggested.

Other plans outlined for next year included a citywide school art exhibit, development of a reading improvement program for ninth graders at Taft, instigation of a remedial language arts program for students repeating ninth grade English, and textbook replacement in science, English and mathematics.

Other projects planned are a curriculum study of the seventh, eighth and ninth grade language arts program with special emphasis on improving spelling, written expression and reading instruction, completing a curriculum guide for slow learner classes, and evaluating and revising the elementary science guide.

Science Guide Popular

Mr. Gabler pointed out that the science guide, one of the first adopted in the state, has been sold to many public school systems and university libraries where copies were requested. He added that when the slow learners curriculum is completed, it also will be one of the first written guides of its type in the state.

Mr. Gabler also recounted plans for simplification of the daily schedule of seventh and eighth grade students next year. He said that where possible, students will be placed in social studies and English classes taught by the same teacher. In this way, he said youngsters will have fewer teachers to whom they must adjust.

Also included in this plan is the teaching of subjects such as music, health, home economics and art on successive days over a period of weeks to encourage greater uniformity. Previously students have met once a week in these courses over a long period of time.

Mr. Gabler also cited plans for rescheduling certain high school courses to more conveniently accommodate college - bound students. Spanish I and health will be available to freshmen for the first time and French I will be added to sophomore electives, he said.

During a discussion of the role foreign language plays in the school curriculum, Dr. James S. Greetham, board member, inquired about the possibility of setting up a foreign language program in elementary schools.

Both Mr. Gabler and Supt. Brown said such a plan is under consideration here, but they did not think it would be feasible at present.

Two new machines designed to improve reading comprehension and speed will be used in the pre-college orientation course being held for high school graduates here in August, Mr. Gabler reported. He said the machines also will be used in classwork next year and in the Adult Education Program. They were purchased by adult education funds.

All board members were present for the two-hour session held at the School Administration Building with President Paul W. Kohler presiding.

Macmillan

(Continued From Page 1)

Press Secretary James C. Hagerty, was equally laconic.

"We talked about many things," Eisenhower said.

The British were reported particularly keen about prospects for congressional approval of a bill to permit greater sharing of U.S. atomic secrets with Britain.

Another subject arousing Macmillan's curiosity is the status of U.S. plans to send 60 intermediate range Thor missile units to four bases on England's east coast.

Eisenhower and Macmillan agreed to do this at their 1957 Bermuda meeting. Target time for complete installation is December.

Vote Coming On Reciprocal Trade System

House Leaders Look To Ike for Personal Leadership in Fight

WASHINGTON (AP) — House leaders looked today to a plea from President Eisenhower to help them put across a five-year extension of the reciprocal trade program.

They expected the plea, in the form of a letter to Republican Leader Joseph W. Martin Jr. of Massachusetts, to give them an edge of 20 to 30 votes in Wednesday's showdown balloting.

Getting Stronger

"We are getting stronger by the moment," Martin said, "but we are leaving nothing to chance."

Democratic supporters also urged Eisenhower to speak out, saying, "What is needed is a very personal appeal by you." The 28 Democratic House members added in a telegram to Eisenhower that "only your leadership, expressed in the most personal and forceful fashion... will enable all of us to achieve the successful passage of the bill."

The showdown voting will give the House the choice between two proposals.

Has Rayburn Backing

One, backed by the President and House Speaker Sam Rayburn (D-Tex), would extend for five years from June 30 the President's tariff-cutting powers first granted in 1934 and extended 10 times since then. It has the support of a majority of Ways and Means Committee members and of a majority of Democrats. It would let Congress veto the President's actions in a tariff case by a two-thirds vote.

A substitute proposal, drafted by Rep. Richard M. Simpson (R-Pa) and backed by Republicans as well as many Democrats from coal, textile and oil areas, provides for a two-year trade program extension. It would transfer from the President to the Tariff Commission final power to decide when tariffs should be hiked to protect American business.

The outcome appeared to be a tossup when the House started debate Monday, but administration pressure on wavering Republicans apparently swung the tide, at least temporarily.

nate all barriers with metropolitan France. These include the demand for the abolition of all customs and visa requirements, the institution of one currency for the two areas, and the abolition of all separate administrative setups such as special ministries for the Sahara.

The erasure of administrative barriers would be in line with De Gaulle's stated policy of making all Moslem and Europeans in Algeria completely equal in the eyes of the law.

Despite the break with De Gaulle's policies, the committee still said it supported him personally.

Council

(Continued From Page 1)

lution." He also said it could not bind the council in the future.

Mayor Wendell L. Strong spoke against adoption of the resolution. He said that in April, 1956, council voted to approve the preliminary report of Browne and Roberts on the arterial plan with underpasses and the state came back with "excuses" not to act on it.

Subsequently, the streets and alleys committee worked up a one-way street program without underpasses and the state came back with "more excuses," the mayor said. He said that, in his opinion, the state will keep "coming back with excuses" no matter what Marion proposes to do.

During a controversy over the arterial plan in 1956, highway department officials, just before the fall election, said they would approve the plan with or without the recommended underpasses.

More recently, the highway department told the city that it doubted it and the federal bureau of roads could approve a proposed one-way street program here unless the city intended eventually to build the railroad underpasses as recommended in the arterial plan.

This was in reply to a resolution sent to the highway department asking state financial assistance for the one-way street program without the underpasses.

The resolution adopted last night serves to amend the previous resolution by stating that the city does intend to build the underpasses when conditions permit.

Voting for adoption of the resolution were: John Robbins (D-1st); John Williams (D-2nd); Lowell Doyle (R-3rd); Emmett Osterholt (R-6th); Thomas Fetter (D-at large), Mr. Lister and Harold Smith (D-at large). Against were: Ralph Williams and Mrs. Jacob.

Wants Job Done by 1960

Meany Picks Deadline For Cleanup of Unions

By VICTOR R'ESEL

Deadline for driving the crooks out of labor has been set for 1960 by Mr. Labor himself, George Meany, according to what is being said sotto voce inside the sanctums of responsible men who spurn ordinary gossip. It is these men who are saying that Mr. Meany wants a cleansed labor movement by the end of 1959 so he can retire from the AFL-CIO presidency, leaving a clean comradely coalition behind him.

VICTOR RIESEL

Mr. Meany will have passed his 65th birthday at the next national AFL-CIO convention somewhere on the West Coast in December '59.

It is at this convention, according to these reports, that Meany is represented as wishing to step down for work on an even broader international front.

If such reports spring up so consistently, conjecture over his successors cannot be far behind. And they aren't. These conjectures pivot upon a man who gives them the least encouragement. He is not coy.

He is Al J. Hayes, head of the International Association of Machinists, the union of a million people whose hands mold the vehicles of the future, on land, sea, and in the air, including outer space — in peace and in war.

-:-

HAYES COULD not be more typical if he were created by a battery of Hollywood producers ransacking the central casting office.

In his fifties, Hayes hunts, plays golf ball and, though a Democrat, plays a good and public game of golf.

He is a man of principle who will chew out his friends if he believes them wrong and welcome his political opponents if he believes them honest critics.

Typical was his guided tour through the Machinists' modern Washington headquarters of Sen. Barry Goldwater a fortnight ago.

It began when Hayes went up The Hill to testify before the Senate Labor Committee on proposed laws to head off infiltration of some big unions by crooks. Hayes said, come on over to our headquarters and see for yourselves that we're not all the same.

That afternoon, Hayes nearly dropped the phone when he heard Barry Goldwater's voice asking when they could set it up. The Republican senator, who most labor leaders hope will be the candidate least likely to succeed in next November's election, spent three cordial hours in the Machinists' building.

-:-

THE ARIZONA senator went through every office in the building — and saw how every member and every cent of the 30 million dollars assets are safeguarded.

Goldwater's eyes glistened as he saw a control system which listed the right and equities of each of the one million machinists on individual cards — some going back to 1895. Every benefit each of these members is entitled to is is punched on a business machine card.

Mr. Goldwater was shown the auditor's report — dispatched regularly to the union's 2,000 lodges. Later the senator told this reporter that few major funds could be better handled or invested than is the Machinists' treasury. This money is handled as a trust would invest its money — in highly rated stocks, bonds and debentures.

The senator was shown the records of the activities of some 900 field representatives of the national office. They are constantly servicing the members across the country, stepping in on "last step" grievances to avoid injustice to any worker or to his employer, if that happens to be the case.

-:-

THE SENATOR went into the built - in four-man law "firm" which works only for the Machinists. He saw the vast file consisting of 8,000 labor-management contracts covering 15,000 different operations in the U.S. and Canada. Each contract is analyzed to get the most for Mr. Hayes' followers — and a good day's work for the companies hiring them.

Sen. Goldwater told Mr. Hayes later, "We will probably disagree forever but the way you run this union is the ideal way to run any kind of business operation, be it labor or management."

Then the senator went back to the senatorial committees and told his colleagues, Democrats and Republicans, they ought to visit this organization and others too to see for themselves that, "all unions are not run out of cigar boxes."

That's why, during all those off the record discussions inside labor these past weeks, so many have conjectured about Al Hayes, chief of the ethical practitioners.

Opposes Tax Cut

DALLAS (AP) —A Chicago bank president says the current economic situation does not appear to warrant a tax cut or other future government action. But David M. Kennedy, president of the Continental Illinois National Bank & Trust Co., told the Southern Methodist Southwest Graduate School of Banking. "Inflation is still basically our most serious problem."

Geophysical Year Projects Topic of Talk to Engineers

A report on the scientific work being carried on during the International Geophysical Year was sparked with humor when Richard J. Anderson, assistant to the director of Battelle Memorial Institute in Columbus, spoke at the annual "Ladies Night" dinner meeting of the Marion Society of Professional Engineers.

Mr. Anderson said the IGY projects were divided into four fields: exploring cosmic rays and electrical currents in the stratosphere: finding better methods of weather forecasting through study of the atmosphere; discovery of underwater physical features and marine life in the hydrosphere, and study of gravity, latitude and longitude, and the inner earth itself.

Mr. Anderson has served in various positions during is twelve years with the Columbus institution and has traveled extensively in Africa, Alaska and the United States. In addition, he represented the institute at the 1955 United Nations conference on the peaceful uses of the atom.

Officers for the coming year were installed during a brief business meeting which followed the Monday night dinner at the YMCA.

Installed were: Howard Corey president; Walter Grudowski, vice president; Walter Warne, secretary-treasurer: Wayne Kuhn, state trustee: and Loy Rhoads, assistant trustee.

The wives were introduced and presented cake servers as favors.

Bridge Sessions Start Thursday at Marion 'Y'

Summer bridge sessions for adults will get under way Thursday night at the Marion YMCA, it was announced today by Dean Ludwig, adult program director. The sessions will begin at 7:30 and will be open to any adult over 18 years of age who enjoys playing bridge.

The summer sessions were set up to answer the need voiced by many players in the community who have no place to come and play bridge. The nucleus of the group will probably be formed by those who took beginning and advanced lessons in the spring session of the "Y's" informal schools program. Persons interested in taking part in the bridge games are urged to be on hand as close to 7:30 as possible.

Further information may be obtained by calling the Marion YMCA at 2-0114. The group will meet on the second and fourth Thursday evenings throughout the summer months.

New Guidance System Tried on Mace Missile

HOLLOMAN AIR FORCE BASE, N.M. (AP)—Repeated attempts to "jam" or confuse the Air Force's guided missile Mace have failed.

The Air Force said the Mace, using a new guidance system called Atran, was tested in a series of 650-mile flights from Holloman to Wendover Air Force base, Utah.

The Mace is a jet-powered 650-mile-an-hour tactical missile capable of carrying a nuclear warhead. The Atran guidance system does away with the need for ground control.

Miss Bachman, speaking before the group at Hotel Harding, will present a lecture-film talk on her recent travels in Europe, including Russia.

Reports on Jobless

AUSTIN, Tex. (AP)—A total of 78,965 Texans received unemployment pay the week ended June 5 compared to 81,913 for the previous week and 35,564 for the same period last year. However, those claiming jobless compensation for the first time totaled 6,679 compared to 6,195 the previous week.

Wheat Crop in Colorado Hit By Invasion of Grasshoppers

DENVER (AP)—Eastern Colorado's 110-million-dollar bumper wheat crop faces ruin by the state's worst grasshopper invasion in 10 years.

Nearly nine million acres of rangeland and cropland in 16 counties are already infested. The blight extends into western Kansas, Nebraska, Oklahoma, Wyoming and Montana.

The crisis is nearing rapidly in Colorado's eastern plains where hungry hoppers already have gorged on 10 per cent of the land's wheat.

"A horde of full-grown hoppers could clear an acre of wheat in 36 minutes," State Agriculture Commissioner Paul W. Swisher said today. "The insects have been working on some of the fields for a week.

"When you figure seven hoppers per square yard it becomes a critical problem."

Officials of the states affected are pressing for swift action, both by the federal government and landowners.

Experts say that if the hoppers aren't exterminated by mid-June it may be too late to save the crops.

Waldo Band Event Scheduled June 26

Plans were made for the annual school band festival when the Waldo School Parents Association met Monday night in the cafeteria.

Date of the combined supper and entertainment was set for June 26. It will be held at the school.

Committee chairmen named in charge of the event were Mrs. Oscar Kaelber, food; Mrs. Robert Denzer, ice cream; Mr. and Mrs. Raymond Lichtenberger, publicity, and Darrell Denman, properties.

The festival will benefit the band fund.

A letter of resignation from the association treasurer, Mrs. Raymond Klingel, was accepted and Mrs. Frank Heimlich elected to assume the post.

Mr. Kaelber announced that the newly purchased sousaphone has arrived at the school and Mrs. Martha Rice reported that band rehearsals will resume Monday night.

Leo Newell, newly-elected association president, presided.

Celebrezze, Gorman File Expense Accounts

COLUMBUS, Ohio (AP) — Expense statements for the primary election campaign have been filed by committees for two unsuccessful Democratic candidates for gubernatorial nomination.

The committee for Mayor Anthony J. Celebrezze of Cleveland said it received $31,318 in contributions and spent $31,311. Celebrezze reported personal expenses of $270.

The committee for Robert N. Gorman of Cincinnati reported receiving $22,970 and spending $22,753. Gorman contributed $2,080, and his wife, Mary, $3,750, the statement showed.

Ocean Liner Subsidy Is Opposed by Lausche

WASHINGTON (AP) — Sen. Frank J. Lausche (D-Ohio) raised the only opposition Monday to a bill authorizing the construction of two U.S. super ocean liners, with the government paying 55 per cent of the cost as a subsidy.

The bill, passed by a voice vote, calls for the sale of one ship to United States Lines for 47 million dollars, and the other, to American President Lines for about 34 million. Lausche estimated their over-all cost at 131 million, and said the buyers would get too big a bargain.

Reds' Purkey Blanks Giants 3-0 for Fifth Straight

Cincinnatians Take Third, Trail by Only 3½ Lengths

ST. LOUIS (AP)—Well, it looks like the Cincinnati Redlegs have finally got the hang of winning on the road.

They came into St. Louis today on the next-to-last leg of their current trip boasting a 5-2 win record. That includes a four-game series with the league-leading San Francisco Giants against whom Cincinnati won three times. The performance boosted the Redlegs into third place just 3½ games behind the Giants.

On their last extended road trip the Redlegs came home with only four wins as against eight losses.

For tonight's opener of a three-game series with the Cardinals, southpaw Harvey Haddix (3-3) will go to the mound for the Redlegs while another left hander Wilmer Mizell (3-5) will hurl for St. Louis.

Purkey Wins Eighth

In Monday's finale with the Giants, Redleg Bob Purkey pitched a brilliant six-hitter for his fifth straight win, 3-0, and eighth triumph in nine trips to the mound.

The Redlegs got only six hits off Giant starter Johnny Antonelli. But one was a home run by Steve Bilko with one aboard in the fourth to put the Redlegs out in front 2-0.

The insurance run came in the seventh when Don Hoak singled to left, went to second on Ed Bailey's sacrifice and scored on Eddie Miksis' single.

Only two Giants got to third base off Purkey. He struck out three and did not issue a walk. The shutout was Purkey's second of the year.

Holy smoke! Lookit Willie!

Mays Slowed Down

Just four days ago nobody could get Willie Mays out. He was 7-for-7. and 16-for-19, gaining 26 points and taking the National League batting lead at .433.

He hasn't had a hit since, going 0-for-12, losing 25 points and tumbling back to .408. almost where he was when the spurt started.

Willie didn't do the San Francisco Giants much good Monday, going 0-for-4 in a 3-0 defeat as once-beaten Bob Purkey won his eighth for Cincinnati in the only game scheduled.

The defeat, their ninth in 13 games, trimmed the Giants' first-place edge over Milwaukee to half a game and .003 percentage points while the Redlegs took full charge of third place, 3½ games back.

Jets Awarded Decision After Toronto 'Stall'

You can't mention the International League today without first saying something about the Montreal Royals and Toronto Maple Leafs.

The Royals, last year's celler dwellers, have had it pretty much their own way this year. They jumped into first place soon after the season began and are still there. The Royals currently are on a bad losing streak in which they have dropped nine of 12. Before they started on this downward plunge they led the league by 5½ games.

The Maple Leafs, on the other hand, started very slowly and occupied the second division for the first month. For the past two weeks. the Leafs have started to roll. They won seven straight, lost one, then started winning again. They currently trail the Royals in second place by one game.

In the hitting categories the top two rungs are held by Bob Lennon of the Royals and Rocky Nelson of Toronto. Lennon has 66 hits in 188 at bats for a .351 average and not far behind is Nelson with 61 for 181 and a .337 average.

League President Frank Shaughnessy, after reading the report of the umpires who operated in the second game between Toronto and the Columbus Jets Sunday, has awarded the game to Columbus. The game was suspended after six innings with the Jets in front 8-0.

Shaughnessy said the report showed Toronto was guilty of "flagrant stalling." Maple Leafs' Manager Dixie Walker and Coach Lou Cahn were banished from the game and fined undisclosed amounts. The game goes into the books as an 8-0 win for Columbus.

Billy Thornton, Atlantic Coast Conference golf champion, is attending journalism school at the University of North Carolina.

Jack Tighe Is Fired by Tiger Club

DETROIT (AP)—Jack Tighe today was fired as manager of the Detroit Tigers. Bill Norman was named to succed him.

The Tigers currently are in last place in the American League standings. They finished fourth under Tighe last season.

Tighe was dismissed on the recommendation of General Manager John McHale. The board of directors approved the move immediately.

Offered New Post

The team is in Boston.

Tighe was offered a job in the Detroit Tiger organization. But the 44-year-old sophomore manager delayed a decision and said he would return to his home in Spring Lake, Mich.

Norman, 47, has been manager of the Tigers' Charleston farm club in the triple A American Assn. for the past year and a half. He will take over the club with tonight's game.

Neither Tighe nor McHale was immediately available for comment.

McHale went to Boston Monday and Monday night saw the Tigers lose a 9-4 decision to the Red Sox. That defeat put them in last place, 12½ games behind the league-leading New York Yankees.

The Tigers indicated that coaches Tommy Henrich, Bill Hitchcock, Willis Hudlin and Don Lund will be retained.

Norman's Charleston club currently is in second place in the American Assn. He Managed Terre Haute and Augusta farm clubs for the Tigers in 1956 and had the Little Rock club in 1954. He also has been a scout for the Detroit organization.

Move Is Surprise

Although there have been grumblings among Tiger fans about the club's lack of success, the move to replace Tighe came as a surprise. Many felt the popular, talkative manager might not be retained after the 1958 season.

Several weeks ago there were published reports that Tighe was on shaky ground. But at the time club president Harvey Hansen gave the manager a vote of confidence.

At the same time Tighe said he would never resign. "They'll have to fire me," he explained. "I worked too hard and waited too long for this job."

Rademacher Looking To Second Title Clash

LOS ANGELES (AP) — Pete Rademacher is looking beyond his heavyweight charity bout with Zora Folley here July 24.

After the signing Monday, Rademacher told newsmen he's certain he'll get a rematch with heavyweight champ Floyd Patterson if he beats Folley. Rademacher was making his first professional start when Patterson knocked him out last August in Seattle.

Aids Winning Streak

Airtight Infield, Control Are Purkey's Best Assets

SAN FRANCISCO (AP) — Bob Purkey, one of the two winningest pitchers in the National League this season, has a not-so-simple success formula:

Play with a team that gets runs and has a flawless infield. Keep your control and stay lucky.

That's the combination Purkey credits for his record of eight victories and one defeat for the Cincinnati Redlegs. Only Milwaukee's Warren Spahn can match it.

Purkey, with the help of strong Steve Bilko, stopped the league leading but fading San Francisco Giants 3-0 Monday. The loss left the Giants ahead of Milwaukee by a measly three percentage points as the rest of the league rested. Cincinnati moved into third place, 3½ games off the pace, beating the Giants three out of four.

A crowd of 10,350 saw Purkey, a 6-2 right-hander toss a six hitter. Bilko powered a two-run fourth inning home run, his fourth of the season.

Purkey struck out only one batter — Willie Mays, no less — but did not walk a man.

"Control is one of my better points," he said after the game. "I walked only 38 in 180 innings at Pittsburgh last year and I always try to make the other club beat me instead of me beating myself."

He credits his 1958 success to "getting runs, pitching regularly, the best infield in the league and luck."

Indians Sell Kelly To Columbus Jets

BALTIMORE (AP)—The sale of right-hander Bob Kelly to the Columbus Jets of the International League, to make room for southpaw Jim Constable, was announced by the Cleveland Indians here Monday night.

Constable, 25, purchased from the San Francisco Giants Saturday, joined the Indians here Monday. He pitched only seven innings for the National League team this season and posted a victory over the Milwaukee Braves. Last season he had a 2-1 record with Minneapolis and a 1-1 mark with the Giants.

Kelly, 30, made 13 appearances for the Indians after he was acquired from Cincinnati late in April, and lost two games while winning none.

Japanese Group Plans Giant Covered Stadium

TOKYO (AP) — A television company announced today it plans to build an 80,000 seat, indoor baseball stadium in Tokyo by April, 1960.

Yoshichiro Shimizu, president of the company, told a news conference the stadium, covered by a 210 foot stainless steel dome, will cost approximately 11 million dollars. He said construction will begin as soon as minor details are worked out.

31 Amateurs Seek Prize in U.S. Open

TULSA, Okla. (AP) — It has been 25 years since an amateur won the U.S. Open Golf Championship and it is unlikely one will come through this year on a course that Billy Joe Patton calls "a monster."

But the 31 amateurs in the field of 162 players scheduled to start Thursday on the 6,907-yard Southern Hills Country Club course constitute a strong threat to the pros.

One qualified observer thinks three or four could bring back the days of Bobby Jones and Johnny Goodman.

The last amateur winner was Goodman in 1933, five years after Jones gave up his habit of licking the pros.

The observer is Bill Kaiser, a veteran pro from Louisville, Ky., who barely missed qualifying for the tournament.

He thinks it would be good for golf to have an amateur win or at least come thrillingly close as Ken Venturi did in the 1956 Masters.

The four Kaiser mentioned as having the potential are Patton, Harvie Ward and two youngsters, Jack Nicklaus, Columbus, Ohio, and Bobby Nichols, Midland, Tex.

Lucas Leads Ohio Cage All-Stars to Win Over Indiana

FORT WAYNE, Ind. (AP) — Ohio's towering All-Stars, led by Jerry Lucas, outclassed an Indiana high school all-star basketball team Monday night, 101-95. with Ohio's starting five contributing 95 of the total points.

Lucas led in the point production with 28. Gordon Mickey contributed 21, Mel Nowell 20, John Havlicek 16, and Tom Sizer 10.

The Hoosiers were paced by long-shot artist Lavern Benson of Indianapolis Attucks, who scored 22 points.

Ohio Coach Paul Walker sent in his reserves midway in the first half, with the Buckeyes out front, and Indiana took a 31-22 lead, but the starters returned and Ohio was in command at the half 50-43.

The Buckeyes had leads of 10 points through most of the second half.

Murphy Quits Grid Duties at Devilbiss High

TOLEDO, Ohio (AP) — Hilton Murphy, one of Ohio's most successful high school football coaches, has resigned as coach and athletic director at Toledo Devilbiss High School.

Murphy, appointed as a Devilbiss assistant principal in February, resigned the athletic post Monday. He will be succeeded in the football post by Dave Hardy and as athletic director by Ollie Klee.

Hardy has been Murphy's line coach throughout the latter's seven-year reign as head coach. Klee is a former Devilbiss head Coach, currently serving as ticket manager.

Murphy's teams have won four Toledo City League titles in the past five years. His clubs have placed repeatedly in The Associated Press polls of the top 10 in the state.

Last year his Tigers rolled undefeated through eleven games and were rated Ohio's No. 3 team.

Murphy was named to coach the North team in the annual schoolboy all-star game at Canton next Aug. 16. It was not immediately known whether he would be able to continue that assignment.

Second-Place Tie Broken

Wilhelm, Schiff Nines Nail Victories in Little League

Two National League games were played here Monday night, with Wilhelm's downing MPS 4-2 and Schiff's edging Fahey 4-3.

The outcome of the games left Wilhelm atop the league standings with a 4-0. Schiff's took over the runner-up spot with a 3-2 record. Fahey has won two and dropped three while MPS rests in the cellar with a 1-4 mark.

In the Wilhelm-MPS action, Wilhelm scored four runs on four hits, with Penix getting credit for the victory. MPS scored twice on five hits. Flesher was tagged with the loss.

—:—

WILHELM sat idly by while MPS tallied single runs in the fourth and fifth frames for a 2-0 lead, then landed on Penix for four runs in the sixth to take the decision. Penix was chased from the hill in the process, Strauss coming on in relief. The latter, faced with runners on second and third and no one out, turned in a slick job, fanning two Wilhelm stickmen. The third out came as the runner on third attempted to come home on a passed ball and was nailed at the plate.

Bushatz and Phillips doubled for MPS. Haubert died likewise for Wilhelm.

Schiff scored one run in the first, one in the third and two in the fifth to turn back Fahey, 4-3. The victors got four runs on eight hits, with Warwick getting credit for the win. Fahey tallied three times on four safeties, with Ellwood nicked for the loss.

—:—

FAHEY, equalling Schiff's one-run total in the first, was held in check until the sixth when it got to Warwick for two runs before the latter got the fire out.

Fahey's Anderson was credited with the only extra base hit, a double.

Statistically speaking in the National loop, MPS's Don Flesher is the top batter, with a .583 percentage on four runs and seven hits in 12 trips to the plate. Gary Worthington of Schiff's is second with a .555. In nine trips he has gotten five hits and scored three runs. Schiff's Dan Roseberry is third, .461, with 13 trips good for six hits and eight runs. Fahey's Bill Anderson has a .416 on 12 trips for five hits and one run. And, MPS' Dick Reish has a solid .400 average, with 10 trips good for four runs and four hits. Fahey's Anderson and Schiff's Worthington lead in doubles, with three apiece. Six players are tied with triples, all with one each. MPS' Flesher is the top homerun hitter, having belted a pair. Schiff's Worthington and Roseberry have both clouted one.

Among the ptchers, Wilhelm's Penix is the most efficient, with a record of two wins and no defeats. Six league hurlers have one win each.

Roseberry leads in the runs scored department, with eight. Wilhelm's Tom Myers and Fahey's Ellwood both have six.

Rainfall Stops Pony Contests

In a pair of Pony League baseball games played Monday night, Alloy beat G&G Homes, 5-4, and Clark Metal and VFW played to a 1-1 tie before the game was rained out in the bottom of the fourth.

The Alloy G&G contest was a continuation of a game played May 28, which ended in a 4-4 tie when it was called on account of the curfew.

Hostilities were resumed in the ninth inning with the victors tallying the winning run as the result of a passed ball.

Larry Merchant walked; Dick Merchant also strolled, moving Larry to second. With Wilson at the plate, Larry stole third, then came home on the passed ball.

Gilbert was charged with the defeat. All told, Alloy had five runs on six hits. G&G had four scores on a like number of safeties.

Action between Clark and VFW was shortlived, as rain became the third competitor early in the fracas.

Clark had Wolf on the mound. VFW went with Leffler. The Metalmen scored one run in the first inning to take the lead, but VFW came on in the second to tie it up.

Both teams were scoreless in the fourth and Clark had another futile try at the plate in the top of the fourth before the rains came.

ADDED BENEVOLENCE. Ted Williams, Boston Red Sox slugger, accepts a check for $1,300 for the Jimmy Fund from Earle W. Baldwin, grand master of the Odd Fellows. Some 1,300 lodge members attended the Red Sox game and each donated an extra dollar to the cause. Looking on are Wilmer A. Morgan, grand patriarch of the encamppment of Massachusetts. Jensen Leads Boston Attack In Win String

By The Associated Press

Those Boston Red Sox are on a real tear, what with Jackie Jensen hitting home runs and a six-game winning streak and all. Trouble is, they've done it all at home.

It's when the Red Sox hit the road that they hit the skids. And they take off again a week from today.

After Monday night's 9-4 victory over Detroit, the Red Sox now are in a virtual tie for second place. They're just .003 percentage points behind Kansas City, and both are 7½ games behind the New York Yankees.

Baltimore defeated Cleveland 5-2, and a 7-1, fourth-inning lead by the Chicago White Sox was wiped out by rain at Washington in the only other games scheduled.

The Red Sox, 18-10 (.643) in friendly Fenway Park and 9-14 (.391) on the road so far, got the job done in a six-run third inning triggered by Jensen's three-run homer. It was the big belter's fifth in seven games and 14th of the year, one behind AL leader Bob Cerv of Kansas City. He also trails Cerv's leading runs-batted-in total of 45 by one, after knocking in four Monday night while adding a double and single to the homer.

Frank Sullivan won his third against a lone defeat, giving up nine hits and blanking the Tigers on two over the last five innings. Paul Foytack (5-5) gave up seven runs on seven hits in his 2 2-3 innings for the Tigers, who dropped back into the league cellar.

The White Sox collected their seven hits off Al Cicotte and Chuck Stobbs. Tito Francona hit a home run.

Akins Offered $40,000 To Meet Harold Young

ST. LOUIS (AP)—Welterweight champion Virgil Akins' manager said Monday that Akins has been offered a $40,000 guarantee to defend his title against Harold Jones.

Eddie Yawitz said the offer was made by matchmaker Jack Laken of Los Angeles. The proposed fight would be in Los Angeles late in August.

Down the Fairway

In Industrial Golf League play Monday night, Mar-O-Del clouted MED, 7-2; Palace Recreation belted Borden's, 7-2; Short Ford downed the Y-Men, 5½-3½; and Pollak defeated Quaker Oats, 6½-2½.

John Rife fired a 35 for the night's low gross, while Thurman Mathews stroked a 30 for low net.

As of now, Mar-O-Del tops the loop's standings with 30 wins and 15 losses. Palace Recreation is second with a 29½-15½ mark, while Pollak is third by virtue of a 24½-20½ record.

The other five competitors in the circuit stack up as follows: Y-Men, 24-21; Quaker Oats, 22-23; Short Ford, 21-24; Borden's, 15½-29½; and MED, 13½-31½.

Yesterday's Stars

Pitching—Bob Purkey, Redlegs, blanked the Giants 3-0 on six hits, walked none and struck out three while gaining an 8-1 record with his fifth consecutive victory.

Hitting—Jackie Jensen, Red Sox, triggered a six-run third inning with a two-on home run, his 14th, in 9-4 victory over the Tigers, adding a double and single for four runs batted in.

Phillies Sign Ohioan

LANCASTER, Ohio (AP)—The Philadelphia Phillies have signed Larry Baughman, 18-year-old Lancaster High School catcher, to a bonus contract. No figure was mentioned. Baughman, who graduated last Friday, reports to Philadelphia Thursday for reassignment to a minor league club.

OSSINING, N.Y. (AP) — A veteran Maryknoll missionary in China, the Rev. Thomas J. Bauer, reports that only three American priests remain there, all in prison or under restriction in Shanghai, and that Communists now are exerting pressure to promote a church independent of Rome.

Lemon Hurls 5 Innings in Tribe's Loss

BALTIMORE (AP)—The Cleveland Indians passed the one-third mark in the 1958 American League season Monday night. Baltimore's Billy O'Dell made it an unhappy juncture with a four-hitter that dropped the Tribe into a virtual tie for fifth place with the Orioles.

The little southpaw gave up two runs in the first inning on two hits, then stopped the Indians cold for 8 1-3 innings as the Orioles won the opener of a four-game night series here, 5-2. Rocky Colavito collected two of the four Cleveland hits and raised his batting average to .296.

Lemon Impressive

The one encouraging note for the Indians was the sparkling showing of Bob Lemon. The veteran right-hander took a big stride on his comeback campaign with a five-inning relief stint, his longest chore on the mound this season. He yielded two hits and one run after coming on to relieve starter Cal McLish who was hit hard by Baltimore.

Staked to a 2-0 lead in the first frame on Minnie Minoso's walk, a single by Colavito and a double down the left field line by J. W. Porter, McLish quickly lost the advantage in the Baltimore first.

Singles by Al Pilarcik and Gene Woodling, the ex-Indian, preceded Gus Triandos' 12th homer of the season.

Orioles Hike Lead

Two innings later the Orioles increased their lead to 4-2 on singles by Triandos, Jim Marshall and Brooks Robinson.

Lemon gave up the final marker in the sixth inning on a single by Willie Miranda, a walk to Billy Gardner and Woodling's single to left.

Gary Bell (0-0), the young right-hander who recently was recalled from San Diego, starts for the Indians tonight against Oriole Connie Johnson (2-4).

Ready To Pitch

Loes Returned to Orioles' Roster, Hoping for Trade

BALTIMORE (AP) — Problem pitcher Billy Loes, as unpredictable as ever, has rejoined the Baltimore Orioles and says he is ready to pitch again for Manager Paul Richards. But he would rather pitch for someone else.

The outspoken 28-year-old right-hander left no doubt about why he reconsidered an earlier announcement that he would never play for Richards again.

Won't End Career

"I'll pitch because that's the way I make my living, not because I think Richards is the greatest man in the world," Loes said. "Sure I guess I could quit, but I'd be crazy to do that."

While Loes was sitting out a dual suspension—six days by the American League and three days by Richards — he repeated his wish to be traded to another club. He said the same thing even before the suspension, with the New York Yankes undeniably the team of his dreams.

Loes said Monday night he would "do my best and try to win" for Baltimore, but in almost the next breath indicated he wouldn't mind donning another uniform.

Confers With Manager

Richards had a brief conference with Loes before the reinstated player pitched batting practice. The manager said as far as he was concerned "it's a closed incident. We'll re-deal the cards and wipe the slate clean."

Both the league and Richards fined Loes $100 in addition to the suspension without pay after the pitcher shoved umpire Larry Napp during an argument over a play at the plate here June 1.

Napp called Washington's Ken Aspromonte safe as Loes tried for a tag in a run-down play. Loes slammed the ball to the ground, allowing another run to score, and was ejected by Napp.

Relief Artists Sparkling in Both Leagues

NEW YORK (AP) — So many awards are being handed out each year for outstanding individual performances in the major leagues it is almost impossible to keep track of them all.

Therefore one more won't hurt. How about honoring the best relief pitcher in each league?

There are a lot of good ones this year. Don McMahon of Milwaukee, Duke Farrell of Philadelphia, Clem Labine of Los Angeles, Marv Grissom of San Francisco, Rine Duren of New York, Dick Hyde of Washington, Hoyt Wilhelm of Cleveland, George Zuverink of Baltimore, Gerry Staley of Chicago White Sox and Murry Wall of Boston are just a few of the list of hurlers who have discovered it pays to go on relief.

Best Hard To Choose

The best one? That's difficult to figure. No matter who you name you're bound to get an argument from admirers of some other guy.

The best won-lost records are boasted by Boston's Ike Delock (3-0), McHamon (5-1), St. Louis' Billy Muffett (3-1), Chicago Cubs' Don Elston (6-3) and Grissom (4-2).

The best earned run averages are owned by St. Louis' Phil Paine (0.67), Duren (1.23), Farrell (1.32), Boston's Leo Kiely (1.42), Hyde (2.14), Zuverink (2.25) and Pittsburgh's Don Gross (2.23).

The most saves have been achieved by Duren (9), Hyde (7), Farrell (6), Muffett (6), Wall (5), Staley (5), the Dodgers' Ed Roebuck (5) and Labine (5)s.

Hardest Worker

The hardest workers have been Hyde and Tex Clevenger of Washington 42 innings, Wilhelm and Wall (40), Staley (36), Labine (35), Farrell (34) and Gross and Roebuck (30).

Now for the awards. The current choices her eare betwen Farrell and McMahon in the National League and Duren and Hyde in the American.

Ohio Northern Honors Eyster, John H. Clark

A number of Marion residents attended graduation day events Sunday at Ohio Northern University at Ada when commencement exercises were held at Lehr Auditorium.

A veteran attorney from this city and a former pastor here were honored.

At the commencement in the afternoon before awarding of diplomas John H. Clark was given special recognition for his 53 years of service on the board of trustees and 15 years as president of the board. Dedication of Clark Hall, a girls' dormitory, in appreciation of his "devoted service" to the university was conducted in the morning.

Friends of the Rev. Walter C. Eyster of Evanston, Ill., former pastor of Epworth Methodist Church here, were present to offer congratulations on his selection as one of two ministers to be awarded the doctor of divinity degree at the commencement. He is now director of personnel and church-institutional relationships for the denomination's board of hospitals and homes with headquarters at Chicago.

During the morning dedication of memorials the plaque to be installed for the liberal arts college listed the name of the Alloy Cast Steel Co. of Marion for a donation to the institution. The class of 157 seniors presented a gift of $580 as a scholarship fund.

EDUCATION "LOAFING"

VANCOUVER (AP) — The West is losing the education race with Russia because it is "loafing," says Dr. Cyril Reid, chemistry professor at the University of British Columbia. "Our children learn too soon that one does not need an education to make a comfortable living," he told a discussion group.

3 Missing in Blast

TORONTO (AP)—Two men and a woman were listed as missing today after an explosion blew a 40-foot gash in their four-story apartment house in Toronto's North End.

Authorities said they had no idea what caused the blast which damaged the 30-year-old, 34-apartment brick building. The blast apparently originated in the vicinity of a basement boiler.

Entries in Jaycee Golf Tournament Due on Thursday

Thursday at midnight will be the deadline for entries in the Marion Junior Chamber of Commerce golf tournament to be held Tuesday, June 17 at Marion Country Club.

The tournament is open to any Marion County boy who will be between the ages of 14 and 18 on Aug. 15. The 18-hole medal play with no handicap will decide Marion County's entry in the state Jaycee tourney to be held July 11-13 at Toledo. The state champion will qualify for play in the 13th International Jaycee Junior Amateur Golf Championship at Tucson, Ariz., Aug. 18-23.

Some entries have been received and a Jaycee spokesman emphasized that the tournament is open to any boy in the county. An entry fee of $1.50 to cover greens fees and a lunch is being charged. That fee should accompany the entry blank and should be mailed to Scott Abell at 482 King Ave. or be turned in to Jack Stoddard, Country Club pro. The entry forms may be obtained at both golf courses or from the Vance Sporting Goods Store.

The temperature of the Carlsbad Cavern in New Mexico remains a constant 56 degrees throughout the year, no matter what the surface temperature.

Teen-Ager Dance Planned by Elks Lodge on Friday

A teen-age dance will be held Friday night in the Elks Lodge at 130 S. State St., through the cooperation of the Marion Lodge 32, BPOE, and Local 531, American Federation of Musicians.

Live music will be provided by a 10-piece band, Tommy Sun and His Skyliners. Dance contests will be held during the evening with prizes to be awarded.

The dance is open to all teen-age children of the Elks and their friends. There is no admission charge.

The event is being held as part of the youth activity program of the grand lodge of the order. Paul Frye, chairman in charge, has announced it is the first in a series of teen-age dances scheduled for the next few weeks, and will be the only dance featuring live music.

The music will be donated by Local 531, American Federation of Musicians.

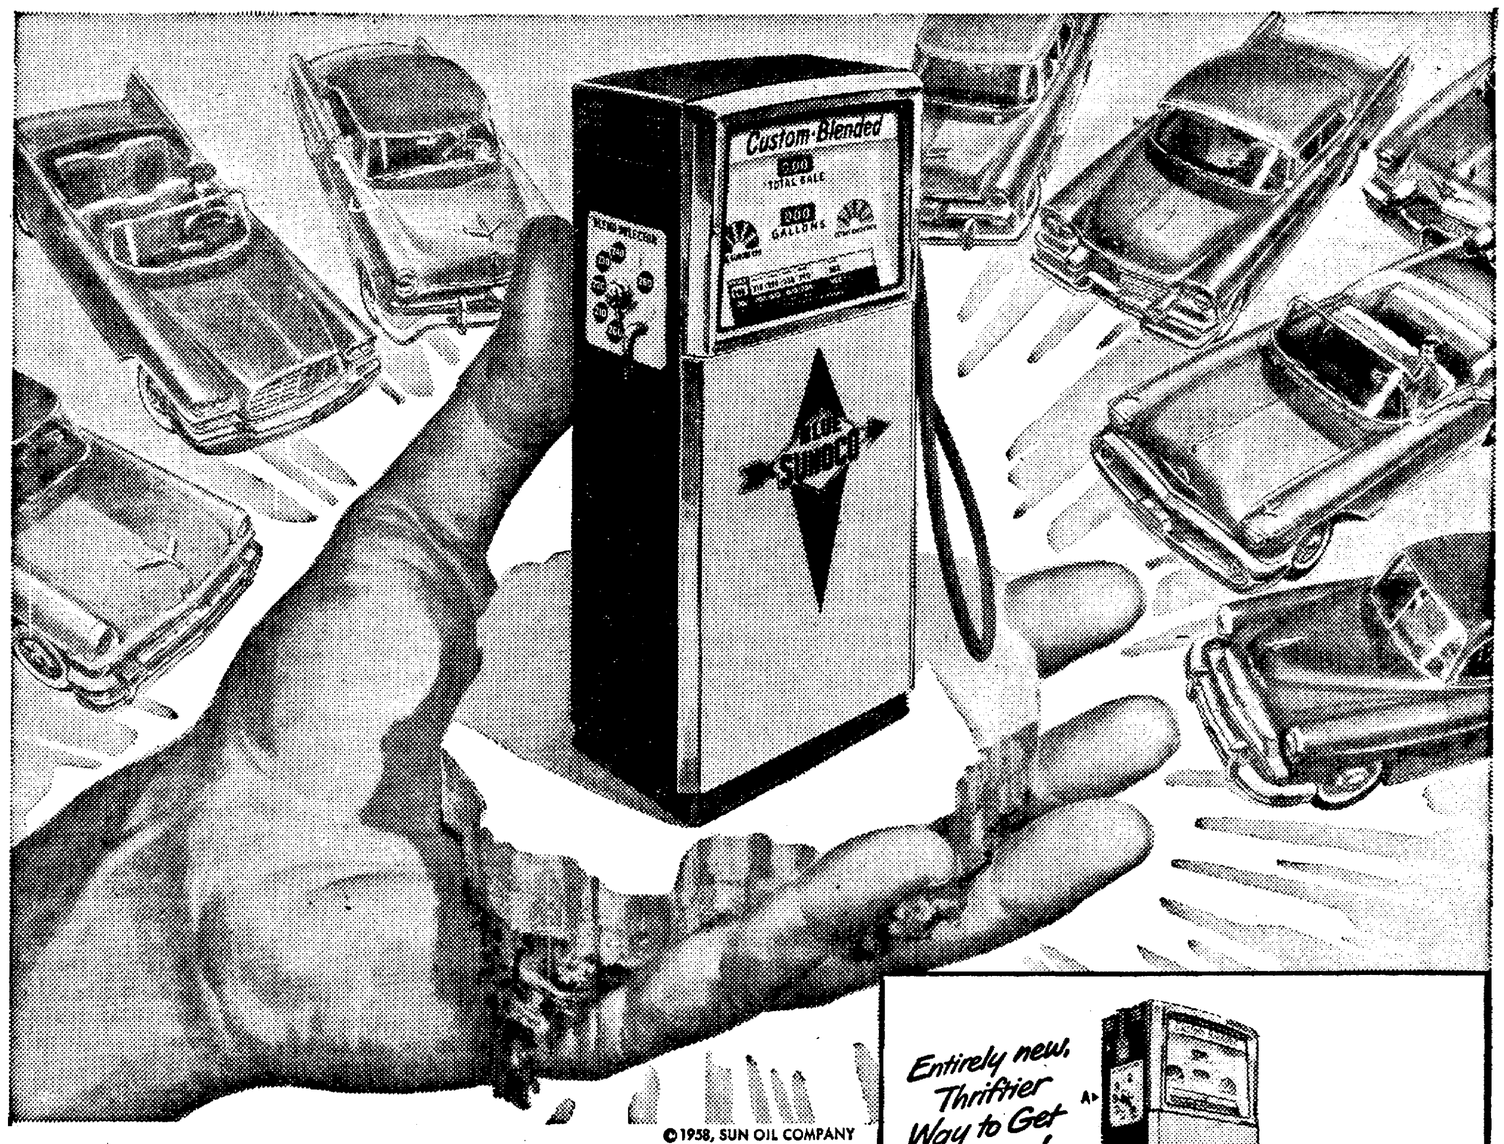
NOW! WONDERFULLY NEW, THRIFTIER WAY TO BUY GASOLINE!

America's six finest gasoline grades (OCTANE RATINGS) custom-blended to fit any car today

-from this one spectacular new blending pump!



©1958, SUN OIL COMPANY

This you can have! Today's big difference—in gas costs, and performance—something 3 out of every 5 car-owners have never been able to get, up to now!

- EXACT OCTANE-STRENGTH YOUR ENGINE NEEDS
- HIGHEST-OCTANE "REGULAR" PRICE GAS ON THE MARKET
- SAVINGS UP TO $1.00 A TANKFUL OVER OTHER "PREMIUMS"
- MOST MILES PER DOLLAR...SMOOTHER, KNOCK-FREE POWER

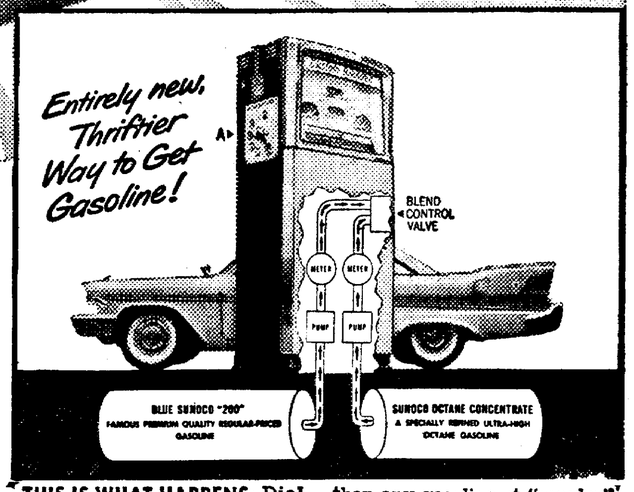
It's the big difference, all right. You'll feel and hear it from your engine . . . count it in what you save on gas.

Cars are not unlike men — in what they need to do their stuff. Few men can eat, or thrive on identical food.

Two cars of the same make, model, age and even the same mileage can vary as much as 8-10 octane points in what they need to perform best! It's hopeless to expect that *all* the cars running today can be *correctly* powered on 2 or 3 "ready made" gasoline grades. That's what Sunoco's brilliant new blending pump corrects . . . by custom-blending on the spot the right fuel, for every car it fills. Ready and waiting, today! Come see for yourself!

BLUE SUNOCO
CUSTOM-BLENDED AT THE PUMP

In money, performance, mileage...
TODAY'S GREATEST GASOLINE VALUES...FOR YOUR CAR!



THIS IS WHAT HAPPENS: Dial (A) is set for any one of six "custom blends" desired. This precisely controls proportions drawn from each of two tanks. In one, premium quality straight Blue Sunoco '200', higher octane than any gasoline at "regular" price; in the other tank, Sunoco Octane Concentrate higher than any car *needs*. Meters and control valve accurately deliver exact octane called for by selector-dial setting.

SOME EXAMPLES: CARS AND THEIR CUSTOM-BLEND NUMBERS:

'55 Chevrolet — 6, V-8.....200	'57 Plymouth—V-8 DeLuxe..210
'57 Chevrolet V-8 DeLuxe...220	'55 Oldsmobile 210
'55 Ford — 6, V-8.....200	'56 Pontiac 210
'58 Ford V-8 DeLuxe Models.240	'58 Edsel — Ranger, Pacer...240
'56 Dodge V-8 Power Pack...210	'58 Cadillac 240
'56 Buick Special 220	'58 Mercury — Power Pack..260
'56 Buick — All Others.....230	'58 Rambler 200
'57 Plymouth — 6, V-8.....200	'58 Imperial 260

Get complete pocket chart at any Sunoco station . . . showing all cars, new and old, with their Custom-Blend grades. It's simple ...your right Sunoco grade is easy to remember by these convenient numbers: '200'—'210'—etc.

Special Note: With the right Custom-Blend, your car *may* need less octane than you've been buying! Start with blend chart shows; next time, try next lower Custom-Blend. Many cars do perform smoothly on a lower Custom-Blend.

New Faces Crowd Out the Old

Among arm-chair observers of the passing TV scene is an open-faced young man who's been looking upon the television emcees, even on the smallest of shows, with a green - eyed countenance.

Marie Torre

Ironically, if the objects of his envy could look upon our covetous friend, they'd probably break the 10th Commandment, too, and with better reason.

For a six-figure annual salary, Dennis James, the man with desire, has been enjoying the luxury of a three-hour week (and we challenge John L. Lewis to improve on that!).

As chief salesman for Kellog's morning food, James has been living high on the grain and never has to worry about 13-week options and such, and yet he's been singing some awfully sad ballads of late.

He's unhappy that he can't better support Uncle Sam. He would, if somebody tossed a show his way and let him feel like a performer again.

-:-

"I'M AFRAID," says James, "I'm the victim of a misconception. I've made so much money over the years that everybody in the business feels I'm too high-priced for an emcee job, that the salary I'd demand would eat up the profits of any show. Not true. But nobody seems willing to put that to a test."

If James seems particularly concerned about the matter at this time, and he is, it's probably because he's just chalked up his 20th anniversary in television (Yes, Virginia, there was television 20 years ago), and anniversaries have an insidious way of making people take stock of things.

Looking ahead, James sees not only money at the root of his frustrations, but also the fact that his face is a TV fixture. It happens that "fixtures" aren't in style this year. Neither are TV pioneers.

-:-

WHEN JAMES first appeared before TV cameras there were 300 sets in the metropolitan area, and 200 of them weren't working.

Having left a disc-jockey post at WNEW, he progressed from wrestling — announcing it, not practicing it — to big commercial jobs, to emceeing giveaway and variety shows, the last of which were "High Finance" and "Club 60."

He is perhaps the only man in broadcasting who can make the claim that in 20 years "I haven't been out of work a day."

"But that," added James, "hardly seems an advantage in this day and age. New faces are the vogue. I subscribe to the development of new talent, but what about the fellows like myself who've acquired the background, training and know-how to handle an audience?

-:-

"ISN'T THAT worth something? Unlike medicine, law, engineering —any profession—television is the only place I know where a solid background works to your disadvantage.

"The things I've learned about TV performing would fill a book, but how do you sell this to the men making the decisions. How do you tell them that sincerity, believability, informality — the most important qualities a performer could have —can be achieved only after years of experience."

James paused in reflection.

"It's a funny thing," he remarked; "I've worked steadily for 20 years and I've never been 'discovered.' I probably won't even get a chance to prove what I'm capable of doing this year, because new faces still are the thing.

"Everybody's in the market for new faces. I'm afraid we're in a business of followers, not leaders. What they're trying to tell us, in effect, is that there were no covered wagons. They're trying to make us believe it all started with the railroads."

Those who believe in covered wagons, pioneers and affluent performers may contact James through the William Morris Agency.

—:—

AMONG the uncertainties of TV is the return of "Suspicion" on NBC. . . . Next Sunday Ed Sullivan will have something for the boys (Brigitte Bardot) and Steve Allen will have something for the girls (Kirk Douglas). . . .

Novelist Fannie Hurst asked her WARD audience to send in their choices for the "woman Mayor of New York City," and the returns, so far, show Mrs. Eleanor Roosevelt ahead by a wide margin, with Mary Margaret McBride, Inez Robb, Mrs. Helen Gahagan Douglas and Elsa Maxwell trailing in that order. . . .

Lew Ayres, always a welcome visitor, takes on the title role of "Johnny Risk" on next Monday's "Alcoa Theater." . . .

The latest American Research Bureau rating report tells the same old story: "Gunsmoke" is No. 1.

With two cigarette companies bidding for Jimmy Durante's TV services, it's almost a certainty he'll join fellow comedians Milton Berle and Jackie Gleason on the channels in fall. Maybe TV comedy is coming back, after all, and how nice it'll be to laugh again!

Low-Calorie Banana Salad Is Tasty, Attractive

For a luncheon treat that is low in calories, high in nutrition and flavor appeal, a combination of two or more fresh fruits, plus low-calorie cottage cheese, is hard to beat.

This Banana Salad is so easy to prepare, so attractive to serve that it will become a favorite with you and your family and friends.

Banana Salad

4 small lettuce leaves
1 sliced banana
½ cup cottage cheese
1 peach slice

Arrange lettuce leaves on plate. Place slices of banana to left and on lettuce to form letter "L." Spoon cheese on to lettuce beside banana. Top with curved peach slice.

3 New York Teen-Agers Are Convicted of Attack Charges

NEW YORK (AP)—Three teenagers were convicted Monday of the baseball bat assault on a teacher who tried to protect his class of 35 boys and girls from robbery in a park.

A fourth teen-age defendant was acquitted. All four are Negroes.

One of those convicted, Kenneth Swanson, 16, was sent to Bellevue Hospital for mental examination as the trial ended in Bronx County Court. Because of the boy's erratic behavior during the trial, the prosecutor joined a defense lawyer in requesting Judge William Lyman to have the boy examined.

Sentencing of the three was set for July 11.

Ralph Boone, 16, was acquitted on all counts in the indictment.

The attack took place in Crotona Park in the Bronx last March 24. The teacher, Arthur Santos, 36, of the Bronx Community School had taken the pupils to the park to play baseball.

Santos, a ministerial student, was punched, kicked and hit with a baseball bat when he tried to protect his charges.

The attackers were accused of annoying his class members and stealing a dime, two pens and a pencil from one of the pupils, Robert Perez, 13. The boy was struck.

Swanson and Richard Curtis, 17, were convicted of the assault on the teacher, the assault on the pupil, robbery and grand larceny. They could be sentenced to up to 45 years in prison.

Wayne Dowling, 17, was convicted only of assault on the teacher. He could get up to five years.

VANCEBURG, Ky. (AP)—People are carrying guns in plain sight here, Old West style, and the police don't know what to do about it. Kentucky law forbids concealed weapons only. The state attorney general has been appealed to for a ruling.

Democratic Primary Is Held in South Carolina

COLUMBIA, S.C. (AP) — South Carolina Democrats vote in primaries today for a gubernatorial candidate and for six nominees to the U.S. House of Representatives.

Election officials anticipated 300,000 of the 539,000 registered party members would ballot. Its results, barring runoffs, are considered tantamount to election in this overwhelmingly Democratic state.

Contending for the nomination to replace Gov. George Bell Timmerman Jr. are Lt. Gov. Ernest F. Hollings, Mayor William C. Johnston of Anderson and Donald Russell, former president of the University of South Carolina.

Timmerman is ineligible to succeed himself under a one-term rule.

Tom Hawkins, Notre Dame's basketball star, also is a high jumper on the track team. In basketball, Hawkins scored 654 points last season.

Impeached Judge Goes on Trial in Tennessee Senate

NASHVILLE, Tenn. (AP) — Judge Raulston Schoolfield appears at the bar of the Tennesse Senate today to answer 24 impeachment articles returned against him by the House last month.

The trial is the climax of action which began six months ago with charges before a U. S. Senate committee that $20,000 in Teamsters Union funds was paid to fix a union violence case in his court.

The Chattanooga Criminal Court judge will be fighting for his legal reputation and the right to hold public office in the future, but little of his present office remains to be salvaged.

His impeachment by the House automatically suspended him from office pending final State Senate action, and Democratic voters in his county refused to renominate him last week for the new term starting Sept. 1.

In 24 articles of impeachment, the House has charged the judge with misconduct ranging from refusal to step down from the bench during the probe to bribery and interference with grand juries.

Crestline School Board Approves Two Resignations

CRESTLINE — The Crestline Board of Education Monday night accepted two resignations, one of them from Mrs. Zona Morkel, sixth grade teacher, who is retiring after 44 years of service at the school.

The other resignation was submitted by Clyde Stimpert, science teacher and junior high school coach. He has acacepted a teaching post in Columbus.

Employed as band teacher at $50 a month for June and July was Robert Smith of Mansfield. One-year contracts were awarded to Sherman Au of Mansfield and Bernard Weaver of Crestline to serve as janitors at $3,000 each for the coming year.

Mrs. C. L. Duffner and Mrs. Howard Fulton were re-employed as first and second cook, respectively, at North Elementary School for a nine-month period. Mrs. Duffner will draw the salary of $200 a month and Mrs. Fulton $190 a month.

Plans were made to delay opening of the cafeteria at the central building until possibly November or December.

In other business the board transferred $1,000 from the contingent emergency fund, with $500 going to the gas fund and to the electric fund.

It was voted to hold teachers' salaries at the present scale next year.

Airliner Pilot Dives Plane To Miss Collision

ST. LOUIS (AP)—An American Airlines pilot said he was forced to dive his airliner Monday when an unidentified military plane bore down down on it.

The DC7 airliner had 48 passengers and five crewmen aboard.

Four passengers and two stewardesses were taken to a doctor's office after the plane landed at Municipal Airport but were not thought to be seriously injured. They apparently were thrown to the floor when the plane dived.

Capt. Don Regan of Chicago said he was flying over Staunton, Ill., about 35 miles northeast of St. Louis, when the other plane, which he said looked like a C47 trainer, approached from the left. Regan said the planes seemed to be on a collision course so he dived the airliner.

A Civil Aeronautics Administration officer said the incident was being investigated.

The Staunton area is used for training flights of Military Air Transport Service planes. MATS headquarters is at nearby Scott Air Force Base. Officials at Scott declined comment.

Steel Firm Is Set To Reopen Cleveland Mill

CLEVELAND (AP)—The Cleveland plant of the Jones & Laughlin Steel Corp., which was closed last February, will be reopened the first week of July.

Making that announcement Monday night, J. R. Powell, plant manager, said about 10 per cent of the 3,500 workers laid off when the plant closed would be recalled the first week.

He said the work force would be increased gradually, reaching about 76 per cent of the total force of 4,500 by the end of July.

About 1,000 employes, mainly salaried workers, have been on the job during the shutdown.

Powell said the plant is being reopened in anticipation of an improvement of orders for the third quarter. One of the plant's two blast furnaces is to be put in operation July 5 and production of steel at the open hearth batteries will begin a few days later.

The plant was closed originally to expedite a 90-million-dollar expansion and modernization program. But as business conditions got worse the company last month announced the postponement of its original reopening date of May 15.

About 500 workers were recalled last week to get out some rush orders for June, but Monday night's announcement was the first regarding resumption of full-scale operations.

New Jersey Naturalist Seeks All-Red Canary

NUTLEY, N. J. (AP)—Rudy Klemm may make the "little yellow dickie bird" a thing of the past. He's trying to breed a bright red canary.

Klemm has assembled about six South American canaries for cross-breeding. Averaging about a chick a month, Klemm figures it will take his pets about five to 10 years to come up with an all-red canary.

News of the District

Upper Sandusky

A marriage license has been issued here to David Paul Kuenzli, near Upper Sandusky, and Gwen Lee Naus, Upper Sandusky.

—:—

The Women's Guild of Trinity United Church of Christ heard the Rev. E. G. Corwin review a book Tuesday evening in the church parlor. An invitation from the Women's Guild of Bucyrus to join in a retreat July 2 was accepted.

—:—

Mrs. Theodore Wolfe was hostess to a meeting of the Emanuel United Church of Christ Women's Guild Wednesday evening. Plans were made for the annual social to be held June 26, and a general cleaning of the church. A project for raising funds was discussed. "We Believe in Atonement" was the theme used by the leaders, Mrs. Grace Creger and Mrs. Dale Swinehart. Assisted by Miss Edith Castanien, Mrs. Ned Kotterman, Mrs. Clyde Miller, and Mrs. Fred Castanien, the leaders presented a short skit. Hymns were sung and prayer offered by Mrs. Castanien and Mrs. J. A. Propst. Refreshments were served by the hostess, assisted by Mrs. Roy McClain and Mrs. Wayne Gerber.

—:—

A large group of women from Kenton Council 39 were guests of the Catholic Ladies of Columbia Wednesday night in St. Peter's Catholic Church here. Plans were made for a 6:30 p.m. picnic preceding the July meeting in Harrison Smith Park. Children of the members will be invited.

—:—

Recommendations made by the state examiner will be placed into effect as soon as possible at Wyandot Memorial Hospital here, according to a decision of the hospital board of governors at its Thursday night meeting. Mrs. Ruth Worline, administrator, reported adult occupancy in May was 86.5 per cent. She also asked and was given approval of a plan to prepare a pamphlet featuring a history of the hospital and details of its facilities. Purchase of a check-writing machine was approved by the board.

—:—

Gwen Naus, daughter of Mr. and Mrs. Charles A. Naus of Upper Sandusky, and David Kuenzli, son of Mr. and Mrs. Paul Kuenzli, of near Upper Sandusky, were married at 11:45 a.m. Friday in the chapel of John Stewart Methodist Church here. The Rev. Hugh M. Robinson, pastor, officiated. He was assisted by the Rev. Robert Overmier. A reception was held for the immediate families in the home of the bride's parents. The newly married couple will return to Ohio University to work on their master's degrees. Mrs. Kuenzli is majoring in speech and hearing therapy, her husband in government.

Richwood

Members of the Ladies Aid Society of the Church of Christ were hostesses for the annual father and son banquet Thursday, June 5, in the church dining room. Approximately 75 persons attended. Kirk Miller gave the welcome to fathers and the response was given by his father, Ted Miller. Mrs. Rodney Boda was in charge of the meeting. Meditations were given by Mrs. Ted Miller. Mrs. Harry Temple gave the secretary's report. Mrs. Don Cramer presented the program. Sharon and Peggy Ridge sang a duet accompanied by Mrs. Boda. Readings were given by Mrs. Richard Griffith, Mrs. Robert Evans and Mrs. Cramer. Robin, Rosee, Katji and Kathie Ridge sang as a quartet accompanied by their mother, Mrs. Paul Ridge.

—:—

Mrs. Wayne Dilger gave devotions Friday at a meeting of the Annie Richards Circle of the Missionary Society in the Baptist Church. Mrs. John Brobeck presided. Nancy Evans sang a solo and Mrs. Earnest Debolt presented the program. The love gift service was conducted by Mrs. Rueben Kyrk. Hostesses were Mrs. Brobeck and Mrs. William Morrison.

Wharton

Arcana Rebekah Lodge met Thursday night with Mrs. Carl Long presiding. Plans were made for a penny supper to be held at the next meeting.

—:—

Intermediate Girl Scout Troop 340 met Tuesday afternoon, June 3, in the Methodist Church. Mrs. Carl Long was in charge of the meeting.

Forest

Carolyn McKinley, daughter of Mr. and Mrs. Lowell McKinley of Forest, became the bride of Kay E. Albert, son of Mr. and Mrs. Ohlin Albert of near Forest May 29 at the Patterson Methodist Church in a double ring ceremony.

Matron of honor at the wedding was Mrs. John Harford, sister of the bride. Flower girls were nieces of the bride and bridegroom, Pamela Harford and Sharon Albert. Everett Albert of near Forest, brother of the bridegroom, was best man. Mrs. LeRoy Latham was organist and James Hamilton of Ada was soloist.

A reception in the church parlor followed the ceremony. The couple took a wedding trip to Niagara Falls and Canada.

The bride is a 1958 graduate of Forest High School. Her husband also is a graduate of Forest High School and is a student at Ohio State University.

—:—

Approximately 300 graduates and friends of the Forest-Jackson High School attended the annual Alumni Banquet Saturday night in the High School auditorium. Invocation was given by Rodney Burk. Wayne Thompson introduced Allen Jean Fout toastmaster for the evening.

Leo Jones chairman of the nominating committee, submitted the following names who were elected, president, Jack Cramer, vice president, Glenn Kellogg, secretary, Miss Jeannett Frederick, treasurer, Mrs. D. Ray Baum, and historian, Mrs. Dale Kellogg. The class of 1908 was represented by Mrs. Leroy Snider, Mrs. Homer McQuown of Cleveland; Mrs. Bessie Nye Plotts of Pittsburgh, Pa.; Mrs. Mark Fishburn and Mrs. Nellie Mick Harpster of Akron. Supt. D. Ray Baum gave the welcome to the class of 1958 and introduced them. Vocal numbers were sung by Wayne and Nelson Dilley. Trumpet solo by Miss Patricia Sheilds was accompanied at the piano by her mother, Mrs. Joe Shields, and a male quartet composed of members of the school faculty, William Griffith, Wilbur Hord, Gilbert Woodburn and Leo Jones. Speaker for the evening was Dr. Darrell Linder of Findlay. Dancing was enoyed with music by the Forest High School Dance Band under the direction of Wilbur Hord, High School music instructor.

PERFECT RECORD. Mrs. Karen Nethery Emmerson, formerly of Hebron, Ind., was graduated from Purdue University's School of Pharmacy with a perfect scholastic record, a feat equalled but 6 times in the 85 year history of Purdue. With her at school in Lafayette, Ind., is her husband and pharmacy classmate, John R. Emmerson of Owensville, Ind., who missed her mark by one "B" grade. Such a scholastic achievement by a married couple may be unparalleled.

Bucyrus

A graduation ceremony was held in the Knights of Pythias Hall here Wednesday night for seven dogs, who completed a basic course in obedience training sponsored by the Tarhe All-Breed Training Club. A Shetland sheepdog, owned by Gene Turney of Chatfield, placed first by scoring 199 points of a possible 200. Other "graduated" dogs were owned by Charles Baehr, Mrs. W. S. Blackford, Jack Kirby, Miss Susan Hancock, Joanne Steacie and Scott Kibler.

—:—

A talk by Dr. Lloyd L. Ramseyer, president of Bluffton College, featured the weekly meeting of the Bucyrus Kiwanis Club, Thursday, June 5. Dr. Ramseyer, introduced by Attorney Elmer Lutz, discussed the educational and industrialization progress in Russia and told of his visit to the University of Moscow.

—:—

Bucyrus High School's 89th annual commencement was held Friday night with Dr. Roy A. Burkhart, pastor of First Community Church in Columbus, delivering the commencement address to the class of 54 girls and 44 boys. The class was presented by Robert Latta, high school principal, and diplomas were presented by A. George Stoltz, school board president. The Rev. R. S. Stephens, pastor of First Christian Church, offered the invocation and benediction.

—:—

New commander of the Disabled American Veterans' Auxiliary here is Mrs. C. E. Smith. Other officers, elected at the annual reorganization meeting, are: senior vice commander, Miss Lola Lust of Chatfield; junior vice commander, Mrs. Shirley Kuhn; chaplain, Mrs. Rosa Schumucker, and treasurer, Mrs. Nick Kuhn.

—:—

Mr. and Mrs. Raymond Sponseller of Brokensword are announcing the engagement of their daughter, Beatrice, to James E. Riley, son of Mr. and Mrs. Frank Riley of Bloomville. Miss Sponseller, is a graduate of Lykens High School and is employed at Scheck's Market here. Mr. Riley, is a graduate of Bloomville High School, attends Heidelberg College at Tiffin and is employed by the Tiffin Dairy.

—:—

Dr. and Mrs. Konstantine K. Solacoff are on a wedding trip through western United States following their marriage in Good Hope Lutheran Church Sunday, June 1. Mrs. Solacoff is the former Miss Doris Ann Downing, daughter of Mr. and Mrs. Clayton Dowing of Bucyrus. Dr. Solacoff, an Upper Sandusky physician, is the son of Mr. and Mrs. James Sfetcos of Springfield, O. The ceremony was performed by the church pastor, the Rev. E. J. Katterhenrich.

The bride's attendants included Miss Charlotte Sue Jones of Bucyrus; Mrs. Anthony Neri of Honolulu, Hawaii; Miss Colletta Collette of Columbus; Miss Olga Solacoff of Springfield, a sister of the bridegroom, and Mrs. John Eppley of Columbus. Cheri Rhodes and Mark Russel, both of Upper Sandusky, served as flower girl and ring bearer. John W. Crawford of Columbus, was best man. New York Stock Market

NEW YORK (AP) — The stock market beat an irregular retreat in moderately active trading early this afternoon.

Losses went from fractions to about a point for key stocks. Some leading issues made good gains.

Steels paced a decline of the industrials. Bethlehem was off about a point.

Rails, automotives, rubbers and chemicals were other losers.

The market was mixed at the start and trading was heavy. Then turnover slackened.

Market analysts said the market was up against a technical barrier represented by supplies of stock for sale at or near the highest prices of the year.

Youngstown Sheet halved a loss of almost two points. Du Pont was about unchanged.

Fractional losses were taken by Chrysler, General Motors, Ford, U. S. Steel, Republic Steel, Goodyear and New York Central.

U. S. government bonds were mostly unchanged.

The Marion Star, published daily (evening) at 143 N. State St., Marion, O.

Around Council's Table

Eighteen pieces of legislation were adopted and one was sent back to committee for more study by Marion City Council at its regular meeting Monday night in City Hall.

Council also heard some committee reports and complaints on various subjects during the three-hour meeting.

All of the councilmen and the council president and clerk attended the meeting. Other city officials present were: Mayor Wendell L Strong; Safety - Service Director Howard W. Travis; City Engineer John Ruth; City Solicitor Riley Hall; Deputy Auditor Robert Wooley; Sanitary Engineer T. A. Klingler; Everett Matlack, parking meter superintendent; Charles Honaker, street superintendent, and Earl Gibson, city inspector.

The invocation was by the Rev. H. V. Falor, pastor of the Oakland EUB Church.

Plat Accepted

An ordinance accepting the plat of the Leslie E. Adams 4th subdivision to the city was adopted 9-0. Solicitor Hall said the plat is for a tract of land on E. Mark St. and will not involve new streets or alleys. The area already has sewer facilities. Mr. Adams plans to build homes on the tract.

Ordinance Studied

An ordinance to establish a fee for emptying septic tank cleaning trucks at the city sewage treatment plant was sent to the sewer committee for study. Safety-Service Director Howard W. Travis said he ordered the legislation prepared for council's consideration.

He said the proposed charge would be greater for the same amount of sewage than the sewer service charge levied against those using the city sewer service.

Ordinances Approved

Two ordinances pertaining to repairs at Marion General Hospital were adopted 9-0.

One provides for the appropriation of $11,255 from the hospital fund to the equipment repair fund. Harold Smith, finance committee chairman, said the money will later be reimbursed to the hospital fund by insurance companies. He said the money is to pay for repairs made necessary after a boiler exploded at the hospital last winter.

The other legislation was an ordinance approving and confirming the action of the board of governors in the purchase of a new X-ray tube costing more than $1,000 without first obtaining bids. The board of governors authorized the purchase after an X-ray tube burned out and its replacement became an emergency need.

Fire Lanes Okayed

Fire lanes were established on portions of two streets in one ordinance adopted 9-0. The only comment on the ordinance before the vote was a question by Harold Smith (D-at large). He asked Mayor Strong if the fire lanes had been established. The mayor said they had been tried for 90 days.

The fire lanes will be on the north side of E. Mark St. from N. Main St. to N. State St. and on the east side of N. Prospect St. from Silver St. to W. Fairground St.

Resolution Backed

A resolution approving a resolution adopted by the Marion County AFL-CIO Council was adopted 9-0.

The labor organization resolution asked the city to lend support to a proposed extension of unemployment relief and to increase relief benefits.

Ralph Williams (R-4th), municipal services committee, said his committee studied the proposal and recommended its adoption. The resolution of the labor organization urges quick action by both the federal and state governments to extend unemployment benefits to 39 weeks and to increase the relief payments.

Sewers Authorized

Two resolutions authorizing the construction of sanitary sewers by private property owners were adopted 9-0.

One is to permit Robert E. Ulery, Irene Tinklebaugh, Robert D. Garrison and Edward H. and Effie M. Hoffman to build a sewer at the rear of their lots on Kenmore Ave. The sewer is to be built at their expense but in accordance with city specifications and is to be operated and maintained by the city.

There was some discussion on the proposal and City Engineer John Ruth said he would recommend that the sewer be built in the alley but said it could be constructed on private property, if desired. Mr. Hoffman said that all had agreed that it would be better to place it on the rear of their lots instead of under the alley.

The other is to be a private sewer to serve lots on Bexley Ave. owned by Leonard Bechtle of 786 Bexley Ave.

Solicitor Riley Hall said that the property owners will be charged $100 for each tap "direct or indirect" made into the city sewers to serve the private sewers. This means the four property owners on Kenmore Ave. will have to pay a $100 tapping fee for each connection on their properties and Mr. Bechtle will have to pay $100 for each of three connections he expects to have on his properties.

Claims Approved

Two ordinances authorizing the city solicitor to settle and pay damage claims totaling $1,160 were adopted 9-0.

One is to pay Louise P. and LeRoy B. Yeoman $1,000 in settlement of their claims for $8,400 against the city for injuries suffered when their car was struck by a city truck some time ago. Mrs. Yeoman had filed a suit in Common Pleas Court asking damages of $7,850. Mr. Yeoman was asking $550. Both suits are to be settled by the payment of the $1,000.

The other claim to be paid was for $160 damage to Mr. Yeoman's car. The Northern Insurance Co. filed the claim. The insurance company said that the damage to the car amounted to $325 but it was asking only $225 because of the type of policy issued to Mr. Yeoman.

Water Lines Okayed

A resolution authorizing the Marion Water Co. to install water service lines on Underwood Ave. was adopted 9-0. Solicitor Hall explained that under this plan the water company will put service lines in from the main line under the street to the curb line before the street is paved. This will eliminate the need to cut into the street later, he said.

The cost of the taps now will be assessed against the property owners but when they start using city water, the company will reimburse them a share of the cost, Mr. Hall said.

Notes To Be Issued

Two ordinances authorizing the issuance of notes in anticipation of the collection of special assessments for improvements on Reed Ave. and Uhler Rd. were adopted 9-0. The improvements already had been declared necessary by council and ordinances to proceed previously were adopted.

Action Approved

Five resolutions approving actions of the city planning commission in granting permissive use for residential properties were adopted, one by a 6-3 vote and the others by votes of 7-2.

Receiving the most discussion was one authorizing Elton and Delma Kates to continue to operate a plumbing shop from their residence at 231 Reed Ave.

Mr. Kates said that he was asking for the permissive use for an additional year until he could complete a planned move to a new location on Park Blvd. He said he had been located on Reed Ave. for 12 years. His attorney, Charles Harmon, said that Mr. Kates had been in violation of city zoning regulations but was not aware of it until recently. He now is attempting to correct the situation as soon as possible, Mr. Harmon said.

Kenneth Robinson, an attorney representing an objecting property owner, said that his client, William Hero, felt even if the permissive use were limited to one year it would be too long. He said Mr. Hero would agree to a permissive use for 30 days.

John Williams (D-2nd) moved to split the difference and limit the permissive use to six months. His motion was adopted 6-3.

The vote to adopt the resolution was the same, 6-3. For it were: Mr. Williams, Ralph Williams (R-4th), Mrs. Norma Jacob (D-5th), Thomas Fetter (D-at large) and Richard Lister (R-at large), and Harold Smith (D-at large). Against were: John Robbins (D-1st), Lowell Doyle (R-3rd) and Mr. Osterholt (R-6th).

There was no discussion on the other four resolutions. One was to permit Sylvia Reisinger and James Mason to locate a house trailer on the premises at 656 E. Farming St. It was adopted 7-2. Opposed were: Mr. Lister and Mr. Doyle.

Another was to permit Leavata Scott Tyler nd Mrs. Nellie Scott to operate a beauty parlor at 278 Waterloo St. It was adopted 7-2 with Mr. Lister and Mr. Doyle opposed.

The third resolution was to permit Betty Hazlett to locate a house trailer at 282 Glad St. It was adopted 7-2 with Mr. Doyle and Mr. Osterholt opposed.

The fourth was for Joseph Christian to locate a small grocery store in his residence at 541 N. Milburn Ave. It was adopted 7-2 with Mr. Lister and Mr. Doyle opposed.

WHEAT RECORD EXPECTED. This wheat on the Allan Hocking farm near Salina, Kan., all but hides two of Hocking's sons that were playing in the fields. Jimmy, 5, has to hang around brother Bruce's neck to keep from getting lost. Record yields are expected in the 1958 harvest which begins in about two weeks. (UPI Telephoto)

Complaints Heard

Council also heard some complaints pertaining to city sewers.

Dr. Ralph Burton said that Forest Lawn Blvd. north of Indiana Ave. has not been restored to its original condition following installation of the Center St. relief sewer there last summer. In answer to a question, City Engineer John Ruth said this was not handled by his office and he wasn't familiar with the situation.

Earl C. Gibson, city inspector, argued that the restoration was completed and the street was back in better condition than before the sewer construction. The issue was sent to the sewer committee by President Fred Baldauf for more study.

A letter from Mr. Ruth said that an attempt to locate a tap in a city sewer on Waterloo St. cost a property owner $104 because the location of the original tap was not shown correctly on city records. Because the city was wrong, he recommended the city reimburse the property owner.

Council also adopted a motion for the city to make necessary repairs to Forest Lawn Blvd. south of Indiana Ave. to Mt. Vernon Ave. damaged by sewer construction last summer. The project is to be paid for from money not yet paid to the contractor. Safety-Service Director Travis was directed to proceed with the work.

In other business, council heard a complaint by John Robbins on behalf of residents in the area of the Marion Plant Life Fertilizer Co. that the plant is again emitting strong fumes and smoke in the neighborhood. A meeting is to be held with George Alber, company owner, to see what may be done.

Massillon, O., leads the nation in the production of stainless steel.

Dewalt Will Speak

Cpl. D. M. Dewalt of the Marion post of the state highway patrol will be the speaker at the regular meeting of the Marion County Safety Council Wednesday night in City Hall.

The patrol officer will speak on traffic safety problems and will review accidents and arrests in Marion County. The meeting will start at 7:30 p.m.
